

Nameoki Town Hall Contract Ready

Work Expected To Start
Soon On Office-Garage
To Cost \$25,925

Nameoki town board members voted Monday night to approve as amended the lease-purchase agreement with contractor Henry Ross for a new town hall building to cost \$25,925. However, the contractor's attorney still must approve the contract before the necessary signatures are inked in.

Town Atty. Nick Vassileff said the 125x150-foot tract in the 3400 block of Johnson road which the board hopes to "trade in" as partial payment for the new building actually contains 25 more feet than was believed. He said that since Clark avenue no longer exists, owners on either side own claims to the street's center about 25 feet.

If return for the property, which contains the old town hall, garage, the board will receive \$2500 credit against the new building's cost, \$25,925, according to the still unsigned contract.

Ross Ready To Start
Contractor Ross, who submitted the low bid, appeared satisfied with the agreement and eager to get started.

Vassileff told Ross that since the board wanted the building "done and done right, nobody here will get the squeeze on a date. We don't want to set a period of 120 days, for instance."

Ross replied that he would make every effort to complete it as soon as possible, "so you can get your equipment in before the snow comes."

The proposed building is to be located on townshipship property along the south side of State Route 162, several hundred feet east of the intersection with State Route 11.

It will contain a general assistance office, a supervisor's office and an office for the town clerk, plus space to store road equipment.

Moore and Illinois Public Aid Commission county representative Lester Grady of Edwardsville, are preparing a work sheet which will draw seven workers in rotation from an eligible pool of from 30 to 35 men currently receiving assistance.

Workers Moore said, will be credited at an hourly rate of \$2.10 and will work the number of hours required to balance their assistance accounts.

As in other townships using the state aid plan, relief workers will be assigned to the Madison and Venice street department for work involving weed control, culvert and ditch clearance, and wherever improvement services are needed.

The Venice township supervisor said the official go-ahead was received this morning from IPAC, Chicago, via the Edwardsville county representative.

A similar program has been underway in Nameoki township for two weeks.

Highway Lighting, which the board had requested, will be furnished on the grounds that such action "would also necessitate similar consideration of many hundreds of similar locations throughout the state," the letter said.

However, in addition to the side road marking, the state will place street name panels below side road signs to alert motorists that a side road exists and that a driver is apt to be entering an alternate U.S. 67 at that point.

"That thing is the most hazardous approach there is," Samuel Kismar exclaimed after Briggs had read the letter. "We should ask for a traffic control there, because I think the volume of traffic warrants a caution light if nothing else."

Vassileff said he would determine.

Steve Egeditch, 79, GC Alderman For 20 Years, Dies

Steve Egeditch, 79, of 2224 Washington avenue, Second Ward alderman for 20 years, died Tuesday at St. Elizabeth's hospital. Mr. Egeditch had been ill a year-and-a-half, and had been a patient at the hospital since Aug. 4.

Born in Yugoslavia, Mr. Egeditch served an alderman of the Second Ward from 1937 to 1957. He was the senior member of the city council, and in absence of the mayor, served as the presiding officer.

Mr. Egeditch worked as a millwright foreman at the Granite City Steel Co. before retiring in 1957. He was a member of Madison Lodge 877, and served on the Granite City library board.

He was a local resident 55 years. Survivors include his wife, Mrs. Anna Egeditch; two sons, George Egeditch of Biloxi, Miss., and Roy Egeditch of Belleville, Ill.; a daughter, Mrs. Olga Walder of Biloxi, Miss.; and four grandchildren.

Funeral arrangements are given in today's obituary column.

Venice Twp. Relief Work Program To Start Sept. 1

The Venice township work program for able-bodied men will get underway Sept. 1, A. W. "Coop" Moore, township supervisor, said this morning.

Moore and Illinois Public Aid Commission county representative Lester Grady of Edwardsville, are preparing a work sheet which will draw seven workers in rotation from an eligible pool of from 30 to 35 men currently receiving assistance.

Schools In Madison, Venice Open Monday

Expect 3696 Students
In Two Districts; New
Harris, Blair Ready

Madison and Venice schools will open their doors next Monday to an expected 3696 students. Waiting a little longer, Granite City schools and the five local parochial schools will open Sept. 6.

A breakdown of the number of students anticipated in Madison shows 620 at the high school, 300 at the junior high, 500 at Dunbar grade school, 610 at Hart school, 410 at Louis Baer and 380 at Blair. For Venice, probable enrollment will be 148 at Venice high school, 108 at Lincoln high school, 108 at Lincoln elementary school and 302 at the Lincoln elementary school.

In both districts, school will begin for students at all levels at 8:30 a.m. Monday and will be dismissed at 11:30 a.m. Buses, operating the first day will follow the same schedule as in other years. However, the school cafeteria will not be in operation until Tuesday.

Granite City elementary school children will begin their first full day of classes Wednesday, Sept. 7, at 9 a.m. instead of 9:30 a.m. as was previously reported.

Classes will be dismissed at 3:30 p.m. A half-day session Tuesday, Monday students from 9 a.m. to noon. Hours for junior and senior high students will be from 8:15 a.m. to 3:25 p.m. on other days.

New Schools Ready
Open for the first time will be two new Madison grade schools—Harris and Blair. The new school principals are Francis Dant at Harris school and Richard L. Spillers at Blair.

While Dant and Spillers were registering new students this week, workers were rushing to put the final touches to the two slitting buildings.

The only major task left at the schools is the installation of individual room heating units. This will be completed after school in the afternoon and on Sept. 1.

2 Hunters Find Body of Man, 50, Floating In River

The body of an unidentified man, about 50 years of age, found floating near the east bank of the Mississippi River shortly before dark Tuesday night by two Granite City sailors, has not yet been identified, Deputy Coroner Henry Pieper of Granite City said at noon today.

Pieper, to whose funeral home the body was taken by authorities after it was discovered about a mile north of the Chain of Rocks bridge Tuesday, said an inquest is pending and that unless identification of the body is made, burial will be made by the county.

The body, clad in a white shirt, summer one-piece undershirt, black socks and black shoes, was discovered at 7:25 p.m. Tuesday by John A. Allen and Eugene Huffstutler, both of Rural Route One, as they hunted squirrels near the river. It was snagged on a tree limb in shallow water.

It is his opinion that the body came down the Missouri river into the Mississippi and was pushed against the east shore of the Mississippi, Pieper said, in explaining operations on the head of the apparent drowning victim.

"But the presence of match marks on the body," Pieper said, "indicates that the man was not a local resident."

Thieves Steal 11 Revolvers; Also Loot Downtown Office

Eleven pistols and revolvers, with an estimated retail value of \$350, were stolen Monday night from the Granite City Steel Co. 20th and Adams street, by a burglar who carefully shielded his forced entry from observation.

Entrance was gained by breaking a window on the east side of the building, which because of the shabby plants nearby cannot be readily detected, Granite City police said.

Taken were three .38 caliber revolvers worth \$85 each; one .32 caliber revolver, also costing \$85; seven .22 caliber pistols and six boxes of ammunition.

Burglar Hansacks Office
A window-prying burglar entered the Granite City police station Monday night and stole approximately \$450 in cash and a typewriter.

The lost included a portable tape recorder valued at \$400, between \$30 and \$35 cash and a safety razor, employee said.

Damage in the office was slight, but records were scattered, files were scattered, and \$25,000 in property damaged.

Only One Bid
Community Coach Co. was the only bidder for the transportation of Granite City school students, and the plan accepted by the school board Tuesday night was one of three revised proposals which had been submitted by the earlier board.

Although the three-year contract was unanimously approved by board members Tuesday night, many voiced the opinion that the cost of transporting pupils to and from school is becoming a major budget problem.

Cost Cut Study Planned
Tentative plans for an extensive study of pupil transportation costs were announced Tuesday night.

Shelters Available To Pick Animal Shelter Location

Committee Given Two
Weeks To Study And
Make Recommendation

A site for a proposed animal shelter building to serve Granite City is still to be selected.

Council members debated the issue for over an hour during Monday night's session after hearing objections from residents of the Tri-City Park area. The problem then was referred to the Sanitation committee, headed by Alderman Frank Nemeth of the First Ward.

The committee is to submit a recommendation at the next council session on Sept. 13. Locations to be considered include the objectionable site at Edwardsville road and Edwards 10th street, proposed last week by Mayor Davis, the city dump along U.S. Highway 162 and a site near the railroad tracks at Edwardsville road and August street.

Included in the costs during each of the first two years is a state highway department, advertising the new contract. Charter trips beyond a 30-mile radius, 48 cents per mile. Cost of other items which might affect service or charges, \$250 per hour. Minimum runs of 15 miles or less, \$350 morning and evening.

Special Service Rates
Rates for special service under the terms of the new contract are as follows:
Special transportation within the school district, 52 cents per mile for the school years 1960-61 and 1961-62, and 53 cents per mile the following year.

Charter trips within a 30-mile radius, \$10 the first hour, \$6 for each additional hour. Charter trips beyond a 30-mile radius, 48 cents per mile. Cost of other items which might affect service or charges, \$250 per hour. Minimum runs of 15 miles or less, \$350 morning and evening.

First to speak was Alderman Frank Nemeth, a member of the Sanitation committee. He suggested visiting the proposed \$6000 structure at the city dump, across the highway. Vacated the location as quickly as possible.

Alderman Estill Von Schmitt, in whose First Ward the mayor proposed the location of the shelter, voiced his objection to the mayor's recommendation and suggested the building be placed "anywhere else" in the city. He selected the location at Edwardsville road and August street, which included the city-owned block at 24th street and Adams avenue, the old quarry house, and the city-owned vacant lot.

Schmitt said the mayor was "trying to cram the Edwardsville road site into the throats of the Tri-City Park area residents. There are lots of vacant lots in the city where it can be placed." He also stated a preference for the city dump location.

Pending For 3 Years
A spokesman for Tri-City Park delegation, Mrs. Virginia O'Beir, said she was representing the Tri-City Park area and protest to the city in the First Ward," she stated, adding that the city was negligent in not solving the problem which came up over three years ago. "We don't want the pound in our ward."

She questioned the mayor's estimate of \$20,000 to buy a suitable site and the refusal of unions to donate labor if the city bought a tract. She pointed out the 22nd street and railroad tracks site was the most logical place for the building. "We don't need a gold-plated dog house. We appreciate the need for a building and support the measure, but we don't want it in the First Ward," she concluded.

Also from the Tri-City Park area, Joseph Cuvur told council members that the city was negligent in not solving the problem which came up over three years ago. "We don't want the pound in our ward."

Appointment of two additional members to the City Plan Commission was approved Monday night by Granite City council members.

The new members named by Mayor Davis are Henry Gabel, local architect, and William Brockus of Brockus Machine Co. Their terms run from last Monday to next April 30.

Other members of the commission are E. G. Schmidt, chairman; G. W. Hoelscher, Edwin Reiske and Ed Hind.

The commission's primary work is to act on requests for zoning classifications. Referred to the commission Monday night by the council was a request for a business classification for a four-family flat at 2025-27 Edison avenue.

Spending In Quad-Cities Hits \$5.3 Million In May

Spending in the Quad-Cities totaled \$5,292,485 during May according to the state department of revenue.

Of the total, \$4,243,043 was spent in Granite City, \$438,636 in Madison, \$188,900 in Venice and \$44,901 in Mitchell. Alton purchased led the county, with \$5,117,748 with Granite City in second place. The figure for all of Madison county was \$20,356,452.

A breakdown of the local spending for May shows \$1,501,689 for food, \$1,173,575 by wholesalers and manufacturers, \$662,624 automotive buying, \$479,673 at drinking and eating places, \$318,789 at filling stations, \$321,454 general merchandise, \$219,973 in lumber, building and hardware supplies, \$203,389 apparel, \$183,003 furniture, household goods and radios, and \$226,185 for all other buying.

County Health Dept. Vote Appears Certain

"It seems quite likely petitions for a Madison county health department will receive the required number of signatures well before the Labor Day deadline," Dr. Felicia Koch said today. She made the announcement after checking with the office of County Supt. of Schools Willard R. Trimpe, where the completed petitions are being received.

Dr. Koch, co-chairman of the Quad-Cities health department committee, and other local proponents of the program will meet tonight in Edwardsville with others from throughout the county to tabulate the progress in petition-signing. It is hoped the proposal will be submitted to county voters in the November election.

She said interest in the program had been shown by county school officials because boards of education, public or parochial, may request school nursing service from the department. Also provided without additional cost to the schools, she said, would be a school dental health program in cooperation with county dentists.

Frequent public meetings will be held after all the petitions are in to better acquaint voters with the health program, she said, the first coming shortly after Labor Day. Along with the meetings, members of the

Voter Registration Cards To Be Mailed

New voter registration cards are expected to be mailed to properly registered voters throughout the county early next week, County Clerk Miss Eulalia Hotz announced today.

Deputy registrars will be dispatched to cities in the county that do not as yet have permanent registration offices. These temporary centers, yet to be announced, will be in operation until Oct. 16.

With 1960 being a year of presidential, state and county elections, Miss Hotz urged Madison Countyans to turn their attention toward the polls and registration centers.

Right-Of-Way Charge After Lee Ave. Crash

Arrested on a charge of failing to yield right-of-way Monday evening by Granite City police was Orville M. Kirchner, 48, of Poohehontas. The arrest followed an auto accident on Lee avenue at 21st street. Kirchner posted \$20 cash bond pending a hearing.

Traveling south on Lee avenue, Kirchner was involved in a collision with an auto driven by Leonard Baker, 25, of 2050 Edwardsville road, who was driving east on 21st street, police reported.

Girl Scout Council To Close Fund Drive

The executive board of the Tri-City Girl Scout Council will meet Monday night to decide on a date for the closing of a \$30,000 fund drive for improvement of the Camp Lakota campsite near Glen Carbon.

As of today, \$17,536 of the goal has been pledged or donated to the council camp improvement fund. The amount includes \$9814 in cash donations plus a percentage of the profits realized from the sale of Girl Scout cookies.

The board meeting last night at council headquarters, 1415 N. Dearborn avenue, was informed that all debts incurred in building the new lodge and improving adjacent property, with the exception of \$3193, have been paid. The board also expressed the hope that the amount needed to free the council from the debt would "be forthcoming within the next two weeks."

Donations are still being accepted at the Girl Scout office and by Chairman Alex Schenckhoff at the First Granite City National Bank.

Mrs. John Zimmer, president of the Tri-City Girl Scout Council, said the council plans to publish the names of all donors at the conclusion of the fund drive.

Ernest Tompkins, 55, Dies At Mesa, Ariz.

Relatives here were notified yesterday of the death in Mesa, Ariz., of Ernest Tompkins, 55, of 2220 Adams street, who was visiting a son, Robert Tompkins, and family.

Mr. Tompkins, a switchman for Illinois Terminal Railroad had been seriously ill since last June and was found dead in bed about 8 a.m. Tuesday, local relatives were told. He and his wife, Ann, had gone to Mesa two weeks ago for a visit.

Mr. Tompkins was a native of Steelville, Mo., and resided here about 35 years. Other survivors include a sister, Mrs. Edna Hanlon of Venice; two brothers, Willis Tompkins of Granite City and Herman Tompkins of Houston, Tex., and a grandson.

Further details are given in today's obituary column.

Korean Gives Views Of U.S. to GC Rotary

A native of South Korea re-
sident at Granite City Rotary
Club members Tuesday his views
on the Korean War and Ameri-
can-Korean differences in food,
weather, education and person-
alities.

Yoo Sik Kim, who is a re-
search chemist at Union Star
Refining Co. and now lives at
1736 Spring avenue, said Ameri-
cans generally coddle their chil-
dren, rush through their meals
and waste time talking about
the weather.
About the Korean War, Kim
said it was former President
Truman who made the division
of his land into North and South
Korea by creating the 38th par-
allel. This division was the in-
direct cause of the war, he said.
The direct cause he laid to
America's decision in 1949 to set
up a defense line in the Pacific
which excluded Korea. When the
Communists learned the United
States did not intend to turn
the country, they felt they could
conquer it with ease.

Korean weather is not as
severe as American soldiers re-
port, Kim said. Nor do Koreans
eat rice constantly. But the pres-
ence of the food in the Asian diet
keeps the incidence of heart
disease low, the 33-year-old
chemist added. Americans search
for reducing aids while Asians
search for just food enough to
exist.

Although higher education in
this country is the best he has
seen, Kim said the grade
high schools seem "soft" com-
pared to Korean schools. His
final comment was on the meth-
od Americans judge each other.
We are more concerned, he
said, with a man's status sym-
bols than with his character or
intelligence.

Stanley Bell was program
chairman for the day and in-
troduced Kim, who holds two
degrees in chemistry from
Kansas State University and
formerly served as a lieutenant
in the Korean navy for four
years.

President Dean Maberry urged
club members to attend the dis-
trict convention in Jacksonville,
Aug. 29-30, and asked that they
comply with the work schedule
for Sunday's horse show.

Report Given On State Legion Convention

Senior vice-commander Joseph
Godfried and A. Burt Harris re-
ported on the 42nd Illinois De-
partment convention Tuesday
night during a regular meeting
of TC-City Post 113, American
Legion, Godfried and Harris at-
tended the convention during the
weekend in Chicago.

Godfried presided at the local
meeting in the absence of Com-
mander Alex Ducini. The mem-
bership voted to send subscrip-
tions to the American Legion mag-
azine to both the Granite City
public library and the senior high
school.

Letters of thanks were re-
ceived from Jewish Hospital, St.
Louis, for the post's participation
in a nursing scholarship program,
and from Miss Kaye Hall, re-
cipient of such a scholarship from
Post 113.

A special meeting for newly-
elected post commander and ad-
jutants will be held in Bloomington
on Sept. 16-18. It was re-
ported by Harris, with all Legion
members urged to attend. Local
officers were installed on Aug. 13.

Thirty-five members attended
and were served refreshments
after the meeting adjourned.

Bills Totalling \$14,511 Ok'd By School Board

Bills totalling \$14,511 were ap-
proved for payment Tuesday
night by members of the Granite
City board of education.

Included were \$7192 for edu-
cational purposes, \$2989 for
building and \$4330 new construc-
tion.

The major portion of the build-
ing fund expenses was for re-
pairs to buildings and property
improvements undertaken by the
district this summer. The new
construction bills included \$1330
for lockers, all in addition to the
senior high school building.

The board of education activi-
ty fund showed a balance as of
July 31 of \$6274, while total re-
ceipts during July which have
been turned over to the town-
ship school treasurer for de-
posit totaled \$103,677, a report
showed.

STATE 'B' SOFTBALL TOURNEY BEGINS SATURDAY

Jayvee, Freshmen, Junior High Grid Teams Here Schedule 22 Contests

Twenty-two games have been scheduled this fall by Madison underclassmen and the football squads at Coolidge and West 25th street junior high schools in Granite City, according to school releases by the coaches at each school.

Madison high school underclassmen will play a total of 11 games, Coolidge has scheduled six and West 25th street junior high lists five games in its first gridiron season.

Bob Page will tutor Madison's freshman squad, which has three playing dates, while Joe Asberger has charge of the freshmen squad at Coolidge. Sophomore and junior varsity squads have already been issued equipment and will begin practice on Monday.

Frank Kraus' Coolidge crew, which has an almost amazing record when it is considered the coach has only eighth and ninth graders, will draw equipment Monday and Tuesday, and swing through first practices on those days.

Ninth graders pick up their tops Monday, eighth graders Tuesday, Kraus plans two-a-day workouts until school begins on Sept. 6.

Over at the new West 25th street junior high school, head football coach Carroll Sanders will issue uniforms on Monday and Tuesday from 10 a.m. until noon. Completed physical examination forms and a \$2 insurance fee must be presented by team candidates at this time as is the case at all schools.

First practice date at the school is Wednesday, Aug. 31. Practice hours will be 10 a.m. to noon until school begins.

Squads from all three schools play each other once during the coming season. West 25th street hosts Madison's freshmen team on Oct. 13, and Coolidge meets the new school's squad on the Granite City high school field Oct. 20.

Grace Meets Meadow Heights In Baptist Playoff Final Tonight

Meadow Heights downed suburban Suburban Tuesday night at Lee Park in Venice 9-8, to advance to the finals of the Baptist Slow Pitch Softball league playoffs. The winners oppose regular season champions Grace Baptist at 7:30 tonight on the same diamond for the title.

Bill Lemond, who pitched the first three innings in relief of Bill Randolph, got credit for the victory in a game which was tied three times. Lemond also drove in the tying and winning runs with his only hit in the bottom of the sixth.

Meadow Heights scored four in the first and Suburban came back with four in the second. The winners took a short-lived lead with a single run in the third, only to have Suburban tie it at 5-5 in the top of the fifth. The score was deadlocked again in the sixth, 6-6.

Suburban scored twice in the top of the seventh to take the lead before Lemond unloaded his three hits. Meadow Heights collected 19 hits off lower John Smith, including a double and triple by Roy Watson, a double by Ray Wayne and three hits by Bud Williamson. Phil Thebeau homered for the losers. Paul Hopper and Bill Crabtree had three hits each, and Hopper and Bruno Nici accounted for two-base hits.

6th Annual 'Swim Spectacular' Set For Sept. 3 At Park Pool

The sixth annual "Swim Spectacular," presented by the park district, is set for Saturday Sept. 3, at the park district pool. There are three different age groups for boys and girls, with 20 events in all. The age groups are 8-10, 11-13 and 14-18.

In the 20 events there will be underwater contests as well as the free style and backstroke competition.

The events consist of the following: 50-yard freestyle, 50-yard backstroke, and the under-water swim for distance, for boys and girls in the age groups 8-10 and 11-13. The two events for 8-10 year-olds will be the 50-foot free style, and an under-water swim for distance.

Prizes will be awarded for 1st, 2nd, and 3rd in each group. There will also be a trophy awarded to the boy and the girl who gather the most points in all the events combined.

The schedule calls for diving exhibitions from 10 a.m. to noon, and the swimming events from 1 to 3 p.m.

Pool personnel, including Glen Cornelison, Jim Koser, Jim Alsop, Jack Ritchie, Pete Winger and Emily Donif, will handle the meet. Paul Kratz, former pool manager, will be judge of the meet.

An entry blank appears in this edition, and must be returned to the pool office by 9 p.m., Sept. 1, by those wishing to enter the swimming meet.

City Auto Nips Bethel 15-14; Wins Playoffs

City Auto came up with two runs in the bottom of the seventh inning to nose out Bethel, 15-14 Tuesday night in the Slow Pitch league championship playoff game at Wilson Park. City Auto used 22 hits in their victory, while Bethel collected 18.

Losing by three runs going into the seventh, Bethel chalked up four runs in its half, but could not hang on. Ed Hassel hit two home runs for Bethel, and drove in the tying run in the seventh.

Roger Bowler and John Allen shared the hitting honors for City Auto. Bowler had four hits and drove across the winning run. Allen had five hits, including a home run in the first inning.

Steve Hadesky was the winning pitcher, and Frank Burlingham took the loss. Vernal Deuchman and Mike Vesel shared the catching duties for the winners, and Dave Hessel was behind the plate for the losers.

The game was the third in the best two-out-of-three playoff series between the two clubs. Each previously had won a game.

Wilson Park Diamond Is Site of 27 Games In 10 Days; Finals Sept. 5

Wayne Co-Op of Shipman, Ill., runner-up in the Wood River regional and one of five teams returning from last year, opposes the Martin Oilers, winners of the Carbondale regional, in the first game of the Illinois State ASA Class "B" softball finals Saturday at 6 p.m. in Wilson Park.

The contest is the first of 27 which will be played to determine the top class "B" team in Illinois. Twenty-six additional teams are entered in the single elimination tournament which will stretch over a 10-day period, ending at 8 p.m. Monday, Sept. 5, with the championship game.

Two other first round games are also on tap at the local softball layout Saturday evening when the "B" finals are being played for the second consecutive year.

Index Returning
In the lower bracket Decatur Indians, a strong pre-tourney favorite and another returner from last year when the squad finished second behind 1959 champion Mille and Miceky's of Granite City, is scheduled against Meadow Gold Milk of Rantoul, runner-up at Champaign. The contest is set for 7:30 p.m.

Saturday's action winds up at 9 p.m. when Casey, winner of the Palestine regional, tangles with the runner-up from Strasburg where the regional finals are still in progress.

First round action continues Sunday, beginning at 4:30 p.m. when the Decatur winner, still to be decided, opposes the Laesch Dairy Juniors from Normal, second-place team out of the Bloomington tournament.

The Second Church of Christ, champion at Danville, plays returning Elliot Avenue B's, runner-up at Springfield, at 6 p.m. Cairo winners Olive Branch City Club takes on the still undecided Paxton regional runner-up at 7:30, and the Champaign champs.

Trophy Award
The tournament winner and runner-up will each receive trophies. Again, as was the case last year, a tournament "most valuable player" will be selected and will receive an award. Eighteen smaller trophies will be awarded to the individual members of the state championship squad.

Other teams returning for their second straight shot at the title are Euroka-Williams, winner of the Bloomington regional, and Alton Mid-Town, which could top the prize at Wood River.

One change in the second round bracket has been made by ASA commissioner Dick Eccles of Alton. No Class "B" tournament was held in Quincy this season as had originally been planned; therefore the Quincy winner's spot has been awarded to First Presbyterian Church of (Continued on Page 6, Col. 6)

Relly To Play For Eastern All-Star All-Star Squad

Dan Relly, son of Mr. and Mrs. Louis B. Relly, 1671 Fourth street, Madison, has been selected to an all-star baseball team which will play five games in California. Later, a portion of the team will go on to Hawaii.

A junior at the University of Missouri where he led the Big Eight conference in batting last season with a .590 average, Relly was chosen leftfielder on the eastern all-stars who will oppose a team from western states in the games beginning Sept. 5.

Each regional team will be made up of 20 players from whom 14 will be selected to play a team of Hawaiian all-stars later in the month in Honolulu. The games are sponsored by the Amateur Baseball Federation.

Relly, currently playing with the Collinsville Ironworkers in the Ban Johnson league, was chosen for the team on the recommendation of Abe Martin, baseball coach at Southern Illinois University in Carbondale and coach of the eastern team.

Girls 'All Star' Softball Game Set

Two girls' "all-star" teams, made up of the top players among four squads in the Granite City park district's Tuesday morning girls' softball league, will meet in an exhibition game at 8:15 tonight following the Class "B" league playoff game.

Members of the squads are: Red team — Linda Spence, Janet Gallauer, Ramona Ortiz, Johanna Pashoff, Margie Gallauer, Connie Dean, Jerry Hampton, Judy Bautech, Donna Evans, Norma Lindner, Annette Gasparovic, Carol Deutschman, Donna Dechwal, Carol Pieper, Rayleen Briggs, Janet Stephens and Judy Meyers.

Black team — Linda Gallauer, Carolyn Starling, Maria Cullen, Sandy Lazenby, Judy Pashoff, Ginger Briggs, Pat Broyles, Carol Grammer, Carol Bradish, Mary Ann Bronovich, Carol Shockley, Janice Jones, Jackie Bryan, Barbara Schmitz, Mary Levert, Diana Sheridan, Call Thompson, Carol Hauptman, Joan Gubert and Linda Burnett.

Moose Club Wins Playoff Title in 'B' Softball Loop

Moose Club 272 became the champion of the Granite City district's Class 'B' Softball league playoffs last night by virtue of its second consecutive win in a best two-out-of-three series with Modern Exterminators.

Moose bunched four runs in the third inning at Wilson Park on the way to a 5-4 victory after slipping past the Exterminators in nine innings the previous evening.

Neil Melton tossed a three-hitter to the Exterminators last night, and had a perfect 3-for-3 evening at the plate. Moose batters collected eight hits off losing hurler Evans Mank, six of them in the first three innings as the club scored all of its runs.

The Exterminators hit safely in the third and fifth innings, scoring two runs in each frame. The Bauer caught for Moose Club, Rudy Diak for the Exterminators.

Moose Wins In 9th.

The Moose Club, coming from behind to tie the game in the seventh inning, noted out the final Exterminators in extra innings. After pusing the game into extra innings, Moose scored two runs in the top of the ninth with, out a hit to tie-up the game. Henry Scott delivered the key blow in the seventh for the Moose, a two-run double which tied the game.

The Moose Club, which finished 4th during the regular season, upset Rome and Roy's in the first set of the playoffs, to work their way to the finals. Modern Exterminators also made the championship playoffs unexpectedly, by upsetting the regular season champions, Na-Bor-Hood.

Neil Melton was the winning pitcher, and Evans Mank took the loss. Cotton Singler did the catching for the Moose, while Rudy Diak was behind the plate for Modern Exterminators.

Na-Bor-Hood Upset.

Moose Club, which finished in fourth place during the regular season, pulled an upset in the first game of the playoffs when Neal Melton threw a nifty one-hitter at league champion Na-Bor-Hood Cut Rate Laborers and knocked that club out of the playoffs.

Na-Bor-Hood's only hit was an RBI single by Jake Hinterser in the sixth inning. A tired Bill Feyer, pitching his third game in three nights for Na-Bor-Hood, gave up seven hits and was the victim of four errors by his teammates, three of them coming in the second inning when the Moose scored two unearned runs.

The winners managed a single marker in the first and added a pair of runs in the sixth and seventh. Don May drove in three rallies for Moose with a double and sacrifice fly.

Second place finisher Rome and Roy's was also eliminated from the playoffs in the course of a well-played second game Monday. Modern Exterminators turned the trick, 3-2, on only three hits off loser Oren Harrison.

Jones Homers

Two of them came in the first inning, after Harrison walked leadoff batter Ray Landis. Bob Crider followed with a single and the Exterminators picked up all of their rallies when Bob Jones hit a Harrison pitch over the left-centerfield fence.

Winning pitcher Evans Mank, who allowed five safeties, accounted for the only other Exterminator hit, an inning-opening single in the fifth.

Rome and Roy's scored once in the first when Andy Angoff doubled down the right field line, then took third and home on wild pitches by Mank. Run No. 2 scored in the sixth when Clayton Harrison singled to right, took third on Joe Fedora's infield hit and scored when the throw to first was wild.

Underwood Downs Moss For Singles Title In Marathon Tennis Match

Ron Underwood, manager of the Granite City open tennis tournament, carried off the local best trophy offered in the local meet last night, defeating fellow Granite Cityman Dave Moss 12-10 in the third set of their match for the men's singles title.

The match had been scheduled last Sunday, but like five others was extended into this week due to rains and scheduling mix-ups over the weekend. Moss and Underwood took to the Wilson Park courts for the championship finals Tuesday, with Underwood rallying from 3-5 to win the first set 7-5. Moss then came back strong to take the second, 6-3.

The two local players fought to a 9-9 deadlock in the deciding games Monday before darkness forced the halting of play. Both were on the verge of winning the title at several times in the third set, which was tied at 6-7 and 8-8.

Last night the finalists went on to a 10-10 tie before Underwood broke Moss' serve in the 21st game and held the advantage.

Norman Dean and Dick King tagged Larry Kast and Harry Burrus for the men's doubles. Underwood broke Moss' serve in the 21st game and held the advantage.

Grand Opening Planned At New Package Liquor Store

A "grand opening" for Smilin' Joe's new Super Drive-In Liquor store, 3102 Nameoki road at St. Clair avenue, is planned for the near future.

The package liquor store already is open for business in the decorated building which features the latest in refrigerated self-service beer coolers.

Managed by Mrs. Lottie Postar, wife of "Smilin' Joe" Postar, the new drive-in store also features self-service for all brand liquors, tobaccos, bar equipment, glasses and electrical appliances for the home.

Ample parking facilities for customers, all-new lighting and an ice cube machine round out the building's attractions.

ALEX K. SCHERER of Ottawa, left, newly-elected board chairman of the State's Division of Industrial Planning and Development, is congratulated in Chicago by board members W. F. Hoelscher, of Granite City. The Division conducts a statewide program of research, advertising, and public relations. Scherer is a transportation executive.

GC School Board Employs Principal, 10 Teachers

Edward A. Binek, 32, of Staunton, was hired as principal of the Stallings grade school Tuesday night by the Granite City board of education. The board also hired six new degree teachers and four non-degree teachers, two of whom are completing degree work this summer.

Binek, who has eight years teaching experience including three years as an elementary teacher and five as a high school teacher and coach, was "the best-trained person, academically, to apply for the position," said Dr. Harold M. Kaiser, school board members Tuesday.

He holds a bachelor's degree in physical education from McKendree College and a master's degree in education from Peabody College, where he is nearing the completion of a doctor's degree in education.

Port Board Attends Col. D'Arezzo Welcome

Five Granite Cityans, representatives of the Tri-City Regional Port Authority, were among 80 guests attending a luncheon at St. Louis Statler Hotel Tuesday welcoming Col. Alfred J. D'Arezzo, recently appointed commanding officer of the St. Louis district U. S. Army Corps of Engineers.

The Quad-Cityans were: Conrad John Barron, USCG Ret.; manager of the Port Authority; Karl Ruff, chairman; Henry D. Kander, chairman; Harold R. Fischer and Joseph Grant, members of the board.

During the welcome-luncheon, guests heard Col. D'Arezzo, West Point 38, discuss present and future plans of Corps projects in the St. Louis area.

The colonel, recently returned from a year's tour of duty in Korea, assumed his duties in St. Louis on Aug. 3, succeeding Col. Charles B. Schweizer.

"We're going to have a severe fatality right there, if we don't do something. All of a sudden the thing tapers, and you've got nothing," Kimer said.

"An auto is a deadly weapon regardless of where you are," Vassilef replied.

"Nonetheless we might be saving a life," said Kimer, "and now's the time to start."

Vassilef agreed to write another letter to the Division of Highways, requesting a traffic count, and inquiring whether installation of a blinking caution light might be feasible. Also to be suggested is extension of the speed limit past the road entrance.

In other action, it was announced that a public hearing would be held at 7:30 p.m. Monday, Aug. 29, on the Nameoki road and bridge appropriation.

Sales Tax In Madison County Reaches \$82,179

Madison county received \$10,856 in revenue from the half-cent county sales tax in unincorporated areas for the month of May, it was announced today.

The latest amount increases the total collected since the county tax went into effect here eight months ago to \$82,179. Since the tax began on Oct. 1, 1953, the receipts have been: October, \$10,150; November, \$9,948; December, \$9,940; January, \$8,885; February, \$8,837; March, \$11,923; April, \$11,105; and May, \$10,856.

Last summer, the Illinois legislature authorized levy of the one-half per cent tax on all sales and fifty county boards have placed it in effect. The fiftieth, McLean county, joined in May.

Of the 50 Madison county's May receipts were seventh highest. It was surpassed by DuPage county, \$54,460; Cook, \$41,215; Peoria, \$2,096; Lake, \$14,455; Will, \$12,855; and St. Clair, \$12,494.

The funds counties receive is the net amount after deduction of six per cent by the state for administrative expenses of handling the receipts.

Sixty per cent of the amount forwarded to the Madison county treasury, is being set aside

One-Block Project

City Seeks \$10,000 MFT Funds To Widen 22nd St.

Motor fuel tax funds amounting to \$10,000 will be sought by Granite City for a proposed nine-foot widening project, for one block of 22nd street between Edison avenue and State street.

In other street proposals, the council voted Monday night to award a contract to MacLair Asphalt Co., East St. Louis, for resurfacing a block of the 24th street, parkway between Cleveland blvd. and Delmar avenue; to request arterial street designation for West 23rd and West 24th streets; to apply for motor fuel tax funds to pave Leyden avenue from Cayuga to West 22nd street and a similar project on West 22nd street from Rock road to Leyden avenue.

Wants Wabash Ave. Widened

Eighth Ward Alderman Frank Vesel asked the council to consider an acquisition of right-of-way to standardize the width of Wabash avenue between Amos avenue and Pontoon road.

The 22nd street widening project was recommended several months ago because of the number of commercial establishments and a church in the one

block. Alderman Charles Meyer commented he was "locked in" by parked and moving vehicles for nearly 20 minutes one day.

The MFT funds sought for the West 22nd street and Leyden avenue projects will total \$10,000. The resolutions had been placed on first reading last week and were approved Monday night.

Should the state approve arterial street designations for West 23rd and West 24th streets between Illinois and Ohio avenues, MFT funds will be sought for surfacing and curbing.

3 Resurfacing Bids

The 24th street parkway project calls for resurfacing the westbound traffic lane between Cleveland blvd. and Delmar avenue. MacLair's bid amounted to \$11,999, while the only other proposal was \$12,259, submitted by A. H. Seebold Co. Council members voted for a resolution to be prepared to award the contract to MacLair.

The request by Alderman Vesel for widening Wabash avenue between Amos avenue and Pontoon road was referred to committee for study.

Stephen Foster, composer of "Swanee River" and other songs, was born on the same day that Thomas Jefferson died — July 4, 1826.

SCHOLARSHIP WINNER. Miss Charlotte Wickham, 18, daughter of Mr. and Mrs. Joseph Wickham, 2927 Dogwood drive, who has received a full three-year scholarship to Jewish Hospital School of Nursing. She will begin her studies with the class beginning Sept. 6. A January 1960 graduate of the Granite City high school, Miss Wickham has been employed at First National Bank in St. Louis. The scholarship was awarded by the hospital.

Firecracker Complaint

Granite City police received a report that boys were shooting firecrackers in front of 1348 Meridian avenue Tuesday night. The boys fled before police arrived.

False Fire Alarms Causing Problems, Maeras Points Out

"False fire alarms turned in by youthful pranksters are no joking matter," Mayor Stephen A. Maeras told the assembled solons Tuesday night in Madison's city hall.

Explaining that a recent wave of such calls had been received by the Madison volunteer fire department, Maeras said such stunts result in a sheer waste of time and expense to the city by taking firemen away from their regular jobs, and inflicting needless wear-and-tear on fire fighting equipment.

Accidents and personal injuries might even result from volunteers rushing to the scene of a supposed fire, he continued.

The mayor urged parents to keep a tighter rein on their children, warning them of the consequences involved.

Prosecution Planned

"Persons found guilty of turning in false alarms will be prosecuted to the full extent of the law," Maeras admonished.

Council members approved the appointment of L. H. Byrd, 520 Jefferson avenue, to serve as special police officer without pay.

In other business, the council approved payment of current bills in the amount of \$7279, as totaled by City Clerk Percy Lux. Lux also presented for the solons acceptance a financial statement from Madison City Comptroller E. J. Miller. Reporting for the period May 1 to Aug. 15, 1960, the city treasury had on hand \$10,412.

FAMILY GATHERING FOR BIRTHDAY PARTY

A family gathering was held Sunday evening in observance of the 22nd birthday of Mrs. Mary Yevin of 1406 Washington avenue. The party was held on the back lawn of the home of Mr. and Mrs. Mike Hrysko, 1533 Sixth street, son-in-law and daughter of the honored guest. A pot luck supper was enjoyed at six o'clock at which time a large decorated birthday cake topped with candles adorned the table along with bouquets of yellow and orchid flowers.

Timmy Tedesco a great grandson surprised his grandmother with a corsage of roses which she wore for the remainder of the evening. Four generations took part in the celebration.

Quad-City residents present were Mr. and Mrs. Sam Revak and children, Mary Ann and George, Mrs. Ruth Tedesco and son, Timmy, Mrs. John Gages and Mr. and Mrs. Arthur Borchers, Mr. and Mrs. Louis Jakich and daughter, Judy, Mr. and Mrs. Arthur Borchers Jr. and daughter, JoEllen, Mr. and Mrs. Norman Mahl and children, Evelyn, Karen, Connie and Tommy, Richard Kube, Mr. and Mrs. Hrysko and sons, David and Danny and Mr. and Mrs. John Walker and children, Janet, Nancy, Billy and Johnny of St. Louis. Many gifts were presented to the honoree. Music for the evening was played on the accordion by Richard Kube.

CLASS ELECTS

Mrs. Gerald Purcell was hostess of the Pi Kappa Delta School class of the First Baptist Church, Monday evening in her home at which time an election of officers for the year was held along with the monthly meeting of the class. The president, Mrs. Wayne Walton was in charge of the business meeting. Mrs. Nell Montgomery presented the devotional and Mrs. Kenneth McDaniel led the group in prayer.

Officers elected for the year were Mrs. McDaniel, class teacher; Mrs. Lucy Bond, substitute teacher; Mrs. Blanche Messner, president; Mrs. Ruby Hall, vice-president; Mrs. Veda Bolin, secretary and treasurer; and Mrs. Walton and Mrs. Ruth Hannebrink, group captains.

The next meeting will be in the home of Mrs. Verna Williams, 1820 Alton avenue. At the conclusion of the business and social gathering Mrs. Purcell and the co-hostess, Mrs. Nell Montgomery served refreshments to the guests.

Mrs. and Mrs. Vasil Graville and sons, Mickey and Jeffrey, of 1708 Fifth street, spent their vacation visiting Mr. and Mrs. Charles Skinner in Dubuque, Ia. Mickey remained at the Skinner home visiting with Marshall and Gary, sons of the Skinners, who are former residents of Madison. Mr. and Mrs. Graville and Jeffrey, returned to Madison Sunday evening. They spent some time at Wisconsin Dells before returning home.

The Anna Tate Davis Tent 101, Madison, held its regular meeting at the home of Mrs. Vivian Rowden, in Granite City, Tuesday evening. After a short business meeting, conducted by the president, the group adjourned to the local theatre to view "Horse Soldiers", depicting the famous march of the Union soldiers to Vicksburg, during the Civil War.

REBEKAH LODGE MEETS

Rebekah Lodge, Delray 786, met Tuesday evening at the Odd Fellows hall, Mrs. Verna Williams, vice-grand, was in charge. Mrs. Virginia Gail gave a report on a recent visit to the Odd Fellows Children's home in Lincoln, Ill., made by Mr. and Mrs. Russell Gail, Mr. and Mrs. Janks, Mr. and Mrs. Charles Miller and Mr. and Mrs. Wm. J. Sanders as left supporters to the vice-grand.

Mrs. Katy Barick, Mrs. Catherine Gregg and Mrs. Ruth Hannebrink will visit the Madison Nursing home and serve refreshments to the patients in the home on the afternoon of Sept. 1. Fourteen members of the Delray 786 responded to roll call while Mrs. Mildred Robertson, Mrs. Clara King, Mrs. Alice King, Mrs. Chris Hoffmann, Mrs. Clara Leubetter of Granite City and Mrs. Thelma Johnson of Venice were guests. Doughnuts and coffee were served at the conclusion of the business period.

The next meeting will be "guest night" on Sept. 13 at the hall.

ATTEND DUV CONVENTION

Mrs. Delilah Gieritz, Illinois State Department president, and Mrs. Rose Lee Surratt, tent pres-

ident, members of the Local 101, have returned from the national convention of the Daughters of Union Veterans, 1861-1865, held in Miami Beach, Fla. They were among delegates from Illinois. Mrs. Gieritz served on special committees, and both took part in the installation ceremonies of Mrs. Ruth Miller, Hayes, of Peoria, Ill., who was elected national president.

After the convention Mrs. Gieritz went to Elgin, Ill., where she is a designer for Elgin American, and Mrs. Surratt visited Daytona Beach and St. Augustine and the Shiloh National Military Park South of Tennessee.

GC Story Hour Closes Most Successful Season

"... And then they lived happily ever after." That was the closing line Tuesday as the Granite City public library concluded its most successful summertime story hour program for local youngsters.

The final program of the season started at 10 a.m. in the library auditorium, where 178 youngsters were served ice cream and cup cakes. They listened to music, joined in the "hokey-pokey" and heard the season's last stories, presented by Librarian Mrs. Mary Gene Knutke and Miss Pat Patton.

Total attendance for this year's seven one-hour programs was 134 youngsters, well in excess of the 900 youngsters who participated in last year's programs. Mrs. Knutke said the story hour is finished for the year with the exception of a program to be presented during the Christmas holidays.

GC Park Board To Cut Spending For Fiscal Year

The Granite City park board in a lengthy session last night trimmed maintenance expenditures through next month to a handful of priority items, and continued a general belt-tightening program unveiled at the 11th meeting. The economy move is to continue through this fiscal year, which ends next spring.

"This year we got a lot accomplished," Board President Harry Loman said. "I'm hoping we can have \$15,000 or \$20,000 next spring so we can do all the things we still need to do, but unless we do some chopping I'm afraid we're not going to make it," he said, in calling for increased belt-tightening.

The group accepted Commissioner Milton Worthen's proposal to assign six maintenance men to Supt. O. H. Williams for September on a tentative basis, with the superintendent to lay them off as work is completed. An alternative proposal, to assign a lesser number of men but for the entire month, was made by Loman.

Given priority next month are completion of the fence around Tri-City Park playground, closing the swimming pool, planting grass seed, leveling an ice skating area, improving concession areas, and reconditioning ball diamonds.

Tree Survey Planned
Supt. Williams was given permission to hire a nurseryman to determine the number of trees to be added to Wilson Park next year. The board decided earlier to add color to park foliage by planting a number of flowering trees.

"Let's find out what we need and let a nursery come in and do the job all at one time. Let's do it and do it right," Loman said.

Trees considered for planting this fall include crimson maple, with reddish leaves throughout the year; sunburst locust, a strictly ornamental, nearly

shadeless variety; hawthorn, spreading locust, hard maple, sweet gum, green ash and red bud. Some of the seedlings already are growing in the park nursery.

In other action, the board approved \$125 for purchase of tulips to be planted in November in the park garden; decided to eliminate both the tearfully equipped night park police and the day police until next year, effective after Labor Day; and approved plans for a banquet for park employees, with details to be announced later.

Pool Attendance Report
A report of pool attendance and receipts, with a 1959 comparison through Aug. 20, was presented by Supt. Williams. This year's pool attendance totals 41,345, compared to last year's 39,161, a difference of 2,184. Concession receipts of \$12,951 this year are \$1340 more than last year, and a clear profit of \$51 has been made this year from cigarette vending machines.

Down compared to a year ago are softball gate receipts, \$260 this year against \$367, and juke box income, \$267 compared to last year's \$288.

The finance report for the period July 26 to Aug. 22, 1960, showed a total expenditure of \$4,211. Included were wages, \$13,651; anticipation wage and interest reserve, \$15,130; and operational costs of \$15,430.

The next regular meeting of the park board will be Sept. 28.

Illegal Parking Charge
Parking his vehicle faced in the wrong direction in the 1200 block of Madison, James Wilson, 19, of 1503 Third street, was issued an arrest notice at 10:25 last night. Posting his drivers' license as bond, he was released pending a 5:30 p. m. hearing tomorrow.

Scores Hole-In-One
Mrs. Elmer Daniel, 1712 Garfield avenue, dropped her first hole-in-one this morning on the 165-yard, par three No. 2 hole at Sunset Hills Country Club.

Daniel used a three wood for the ace while playing in a foursome which included Mrs. Bryan Compton, Mrs. Robert Maddox and Mrs. Owen Davis Jr.

Miss Mega Tours Germany, Austria With 'Y' Delegates

Miss Pat Mega and other delegates to the YMCA Youth Conference which ended Aug. 13 are now touring Austria after a three-day stay in Germany.

The group kept its collective eye open for vestiges of Germany's rich past as it traveled through the lavish chateaus and castles of Cologne, Heidelberg and Oberammergau. At the last city they saw the celebrated Passion Play staged by the community.

In a letter received here this week, Miss Mega reported the highlight of the group's tour of Cologne. "The Cathedral of Cologne is the city's most famous landmark. In the choir chapel are skulls said to be those of the Three Wise Men who followed the Star in Bethlehem."

"Traveling to Heidelberg, we passed through Bonn and toured the Bundestag, the building housing the two German legislative assemblies, the Bundestag

and the Bundesrat. "In the mountains we could see the remains of many old castles and manor houses which are still used today as museums and tourist attractions. In Heidelberg Castle which dates back to the fifteenth century and Burg Liebenzell, an old castle built during the fifteenth century, we saw the remains of the castle which was built by young people from all parts of the world."

"At Oberammergau we saw the inspiring Passion Play given by the people of the city every ten years. The play lasted the entire day and all of the citizens perform, excepting the wives who stay home and take care of the homes and tourists."

"The next day we visited Lindenhof Castle on the outskirts of Oberammergau. It was built for Ludwig II, who it is said, wanted an ornate tower to live in where he could be safe from the intrusion of reality."

"Leaving Lindenhof, we went to Salzburg, Austria, after a short stop at Munich."

WILL BE PROMOTED AT NURSING SCHOOL

Miss Sheri Jeanne Little, 2336 East 24th street, will be promoted to junior in a "Changing of the Bands" program of the Barnes Hospital School of Nursing Friday at 8 p. m. in the Washington University School of Medicine Auditorium in St. Louis.

The Changing of the Bands program promotes the young women of the school of nursing to junior and senior nursing status. The band on the student nurses' cap is colored pink for freshmen, light blue for juniors and royal blue for seniors.

Minor Two-Car Mishap

In a minor auto mishap at McCambridge avenue and Third street, yesterday evening, Madison police reported a car driven by William C. McQueen, 44 East St. Louis, going east on Third street, was involved in a collision at the intersection with an auto traveling south on McCambridge avenue operated by William Baker, 63 of 2946 Park avenue. No injuries were listed.

Vandals Damage Car

Vandals caused extensive damage to a blue and white sedan parked at 12th street and Washington avenue last night. Overlaid on the car was a large "X" by William C. McQueen, 44 East St. Louis, going east on Third street, was involved in a collision at the intersection with an auto traveling south on McCambridge avenue operated by William Baker, 63 of 2946 Park avenue. No injuries were listed.

LT. JAMES WEST VISITS PARENTS

Second Lt. James West of the U. S. Air Force, who has been stationed at Webb Air Force Base in Big Spring, Tex., with his wife and small son, David, has been visiting his parents, Mr. and Mrs. Russell K. West, 2401 Cleveland blvd., the past week. He left today for temporary duty assignment at Stead Air Force Base near Reno, Nev., for survival training. Mrs. West and son will be in Denver, Colo., while he is away.

LT. West, a graduate of the Air Force Academy, will return here Sept. 24 for another brief visit with his parents while en route to an assignment in Evreux, France.

Auto Accidents Result In Injury To 12 Persons

Twelve persons suffered injuries in six automobile accidents reported by police since Monday afternoon in the Quad-Cities area.

Five Granite Cityans were hurt in a three-car crash on Route 40 early Wednesday, while an auto apparently owned by a California resident struck an entrance gate at the Granite City Engineer Depot Tuesday night and the two occupants, one reportedly injured, fled from the scene on foot, leaving the car behind.

A three-car crash early Wednesday morning at the junction of U. S. Highway 40 and Sand Prairie road injured seven persons, including five from Granite City.

State troopers arrested Richard Bell, 26, of East St. Louis, for following too closely after his eastbound auto rammed the auto ahead of it into the opposite traffic lane, where it was hit by an oncoming vehicle.

Local persons injured were Maurice Cowan, 36, of 2805 Myrtle avenue, driver of the two-car crash; his wife, Mildred, 33, their daughter, Karen, 9; Mrs. Margaret King, 33, of 2901 Center street, and Susan Skinner, 9, of 2800 Nameoki road, all in one car.

Bell and Floyd Armstrong, 36, of Maplewood Park, driver of the westbound auto, were taken to an East St. Louis hospital. The Granite Cityans were treated at St. Elizabeth Hospital here and released.

Auto Burns After Crash
Two men, one bleeding, vanished in a light Tuesday night, moments after their California licensed car crashed into the south gate of Granite City Engineer Depot and burst into flames.

Madison police, investigating the accident, said the vehicle was registered to Lloyd Ransome Gardania, Calif.

An on-the-scene witness told Depot guards he saw the grey and white car speeding north from Kerr Island Wharf road about 10:30 p. m. The car screeched into a swirling collision with the south gate's guard rail and caught fire.

Responding to the sentry's alarm, Depot firemen extinguished the blaze.

The unidentified witness told them he had seen two men, one bleeding, from an arm, running along Russell street. Later, Madison police had the car keys still in the ignition, towed to a garage.

Both motorists were arrested following collision Monday night at St. Clair and Wayne avenues. One driver, Joseph H. Wicham, 42, of 2637 Dogwood avenue, suffered a minor scalp cut.

Wicham, who was charged with creating a disturbance, was freed on bond to appear for a hearing Tuesday. The other driver, Edward F. Teltorath, 23, of St. Louis, forfeited \$11 cash bond on a charge of failing to observe a stop sign.

Water shot into the air when a fire hydrant was broken off by an automobile that went out of control in a two-car collision Monday afternoon at 22nd street and Lee avenue.

The driver, Harrison M. Melton, 68, of 776 Twenty-seventh street, was taken to St. Elizabeth Hospital for emergency

Twin Accidents, Twin Charges On Nameoki Rd.

Two auto accidents occurred under almost identical circumstances yesterday on Nameoki road within an hour and a half. In each case, one of the drivers was arrested by Granite City police for following too closely.

Joseph P. Levan, 43, of 3918 Nameoki road, was arrested at 5:15 p. m. after his northbound auto struck the rear of a vehicle driven by Franklin Jones, 43, of 2200 Johnson road. Jones had stopped because of traffic ahead, he told police. The accident was near the Belleme Village shopping center.

A short time later, Linda R. Huggins, 18, of 1524 Garfield avenue, was issued an arrest ticket for following too closely after her southbound auto struck the rear of one driven by Guy R. McKinney, 52, of 2027 Sherman avenue.

The time the location was in the 3000 block of Nameoki road, and the accident occurred when McKinney stopped behind a turning vehicle. The time was 6:40 p. m.

Man Arrested In Hallway Faces Four Charges

Granite City police last night arrested a man in a hallway at 1533a Twenty-sixth street, and while he was spending the night in city hall faced with three charges, a fourth charge was added for damage to cell bank caused by the man.

Robert E. Lowell, 34, of 4485 Highway 162, was arrested about 11 p. m. yesterday and charged with drunkenness, creating a disturbance, and refusing to obey a lawful command of an officer. The fourth charge, destruction of city property, was added at 12:15 a. m. today.

Lowell is still being held pending a hearing.

Announce Birth Of Son In California

Announcements have been received of the birth of a son to Hayes of Barstow, Calif., Aug. 20. The baby weighed eight pounds, four ounces and has been named Donald Joseph Hayes Jr. Mrs. Hayes is the former Earleen Hill of this city, a daughter of Mrs. Alice Hill. The paternal grandparents are Mr. and Mrs. Chris Hayes.

Cpl. Hayes is with the U.S. Marine Corps, stationed in Barstow.

care and x-rays. Police charged the other motorist, Burl W. Siebert, 47, of 220 Briarcliff, with failure to yield right-of-way. He posted \$11 cash bail. The report shows Melton was driving south on Lee avenue, while Siebert was traveling west on 22nd street.

An auto accident on Route 67 at the McCambridge viaduct Monday night resulted in emergency treatment at St. Elizabeth Hospital for Robert J. McQueen, 31, of Casey, driver of one of the vehicles.

McQueen received stitches for cuts to his forehead and was released after x-rays. The other driver was Charles Spicuzza, 33, of East St. Louis. Time of the accident was 11:05 p. m.

Another Granite City man also was treated at St. Elizabeth Hospital for injuries suffered in an auto accident Monday night. James Warford, 38, of 2427a Madison avenue, received 39 stitches to close cuts to his knee and forehead.

Local authorities had no record of the accident.

Mrs. Carolyn Krieger, 78, of 2223 Benton street, died Tuesday 3:15 p.m. at St. Elizabeth Hospital. Mrs. Krieger had been ill eight years, and entered the hospital five days before her death. Born in Nashville, Ill., Mrs. Krieger resided here 38 years. She was a member of the Concordia Lutheran Church. Her husband, Louis, died in 1945. Survivors include three brothers: August Vogt of Metropolis, Ill., George Vogt of Kansas City, Mo., and Bernard Vogt of Marion, Ill. Funeral arrangements are given in today's obituary column.

The Bermudas lie about 580 miles east of the coast of North Carolina.

Flame-Shooting Hose Damages Electric Plant

A two-inch flexible hose that fed natural gas to a boiler at Union Electric Co., Edwardsville road near Naneoski road, became disconnected early Wednesday and sprayed control panel and boiler with a tongue of flame causing damage estimated at several hundred dollars. Company personnel said the hose, located at boiler No. 1, broke loose at the boiler connection and gas ignited. Firemen from the Granite City main station were at the scene from 2 a.m. to 4:45 a.m. Function of the local company's plant is to generate electricity for the Union Electric system.

Cities Sales Tax Tops \$100,000 For This Year

Quadrant sales tax receipts for 1960 topped the \$100,000 mark for the period through May, according to figures released this week by the state department of revenue.

The latest monthly listing shows \$23,691 in May receipts for the local cities, bringing the total for the year to \$106,460. The amounts for the previous months were \$19,792 for January, \$20,069 for February, \$20,815 for March and \$22,040 for April.

The revenue for June for the one-half cent tax will probably bring the total collected since the levy went into effect in Granite City, Madison and Venice on Feb. 1, 1956, to over the million dollar figure. It now stands at \$994,493. This includes \$191,301 collected in 1956, \$224,917 in 1957, \$221,209 in 1958 and \$251,315 last year.

The delay in announcement of the revenue results from the one-month period allowed for

forwarding of the taxes to Springfield and a period of four to six weeks during which the taxes are counted, tabulated and divided.

The taxes amount to three and one-half cents on the dollar, with the work at Springfield involving separating the taxes. Three cents goes to the state treasury, the other half-cent going to cities when the sales occurred in incorporated municipalities or to counties when the transaction took place in unincorporated areas.

In these areas which levy neither the city nor county sales taxes, only three cents are collected and all is retained by the state.

May receipts of \$23,691 for the Quadrant cities, \$30,001 for Madison and \$30,033 for Venice.

The five-month 1960 total of \$106,460 includes \$85,854 for Granite City, \$15,704 for Madison and \$4,902 for Venice.

Light Service, Desk Top Purchase Approved

Servicing of floodlights at the Granite City high school football field by R. Dean Electric Co. prior to opening of the 1960 season was approved by members of the Granite City school board during a regular meeting Tuesday night.

The servicing by the only local firm with aerial equipment capable of reaching the light poles consists of tightening hardware, cleaning reflectors and replacing burned out lamps, the board pointed out.

School Engineer Marvin Dean reported that cost of the service in the past has been about \$115 for service and \$25.50 for replacement of lamps. The work is to be completed before Sept. 13, when Granite City plays Assumption high school in the opening game here.

Also approved was the purchase of 82 desk arm chair tops for senior high school at a total cost of \$430. The special purchase will be made from the Blackwell-Wieland Co. and the desk arm chair tops will be identical to new desks purchased. It was explained during the meeting that the old tops could not be refinished as were other types this summer. The cost of new desks would have been \$501.

The senior high school activity report was received and placed on file at the meeting. It showed a July 20 balance of \$23,446.

Understanding Foreign Ways Key To Success

"Why bother with foreign languages in school? Why not let Pierre from France, Pedro from Mexico (May-he-co), and Petr of the U.S.S.R. learn American, sometimes called English?" That was the question asked the 21 Twilight Optimists assembled in the Rose Bowl restaurant Monday by guest-speaker Marino Garcia, a teacher and coach at Normandy high school.

Lack Of Curiosity

Defiantly answering his own question, Garcia, born in East St. Louis of Spanish parents, related that in his opinion the problem stems mainly from American intellectual laziness, the lack of curiosity to understand and appreciate a non-English way of life with different customs and methods of doing business.

As the husband of a Mexican, Garcia, spending two years in Mexico, Garcia told of the many

sales and contracts American business men were losing, because they would not expend the time and energy to cultivate foreign friends, learn a new language and become a part of the community. The business was lost to German, Russian and English representatives who made these so-called sacrifices, while Americans banded together in their isolated colonies. Stress Foreign Language Early Garcia, a Union Starch & Refining Co. summer-time employee, advocated that if the United States were to maintain its dominant role in world affairs, it was his belief that foreign languages and cultures should receive more stress in the formative grade school years. Later, in a business session, he suggested that Optimists urge their schoolchildren to enter the Granite City Safety Poster contest before the Aug. 30 deadline.

Sidewalks, Zoning, Insect Fogging Topics of GC Council

Sidewalk construction, zoning, insect fogging, and house trailers were among a wide assortment of topics discussed during Monday night's session of the Granite City Council.

Alderman Walter Nann obtained council approval for construction of about 100 feet of sidewalk at 2400 Ohio avenue to serve the new West 25th street junior high school, which is scheduled to open Sept. 6. He pointed out that pupils would be forced to walk in the street if the city did not provide a walkway.

When questioned, he asserted the sidewalk would be located on city property and would eliminate a traffic hazard.

Questions Procedure
Alderman Samuel Whitner questioned the procedure, pointing out that aldermen should either use allocated funds for improvements in their wards or acquire owners of adjacent property to pay the sidewalk costs.

He pointed out a man who is retired and lives along Monroe street arranged for a new sidewalk to be built on city property alongside his corner lot and is repaying the city over a period of years.

"The same thing was done when new sidewalk was installed along Edwardsville road," Whitner pointed out. "The city built the sidewalk and the people are repaying the city." If we're going to put this side-walk, then we should cancel those debts that are owed the city."

Another Sidewalk Problem
No action was taken on his suggestion and the Ohio avenue sidewalk was approved. Later in the meeting, construction of new sidewalks, where none are in existence, came up as Supt. of Streets William Ward called for an additional \$400 to complete an installation along 20th street between Madison avenue and Washington avenue.

He said the sidewalk had been requested by Alderwoman Mrs. Gabrielle Bettine, who informed the council the work was extending out of her ward into the Second Ward. "I can't see why the work can't be completed," it was requested three years ago, Mrs. Bettine commented.

A further delay in presenting an amendment to the city's zoning code was approved by the council, due to the absence of Mayor Davis and City Atty. William Beatty, who are vacationing.

Alderman Nann said the city's building inspector, Earl Bloomquist, should be invited to the Sept. 6 session to outline his views on the matter. The amendment proposes modification of the city's zoning code.

Levee Board Approves \$1,070,000 Bond Issue
Issuance of bonds totaling \$1,070,000 was approved by the East Side Levee & Sanitary District board of trustees for four projects, including two in the Quad-Cities area, according to an announcement made today by Dan E. Costello, president.

The bonds, bearing 3 1/2 and 3.65 percent interest, will be used for Project 24—a storm water drainage project consisting of lines 84 inches to 36 inches in diameter in the Madison and North Venice areas. Project 15-H—a 42 to 48-inch storm water line, 2230 feet in length, for the Glenview area in Granite City. Project 17-A—a channel in the Grove Lake area in St. Clair county, and Project 13—levee improvements to be carried out in conjunction with the U. S. Army Corps of Engineers.

In denominations of \$1000 each, the bonds will be issued through the National Boulevard Bank of Chicago. Interest will be paid semi-annually on March 1 and Sept. 1, beginning in March 1962.

The levee district will impose a direct tax on all property in the district to provide payment of bond principal and interest, ranging from \$78.096 to \$82.880 a year from 1960 through 1978.

City Approves Survey Agreement With SIU
A resolution was approved Monday night by Granite City council members signifying the city's intent to enter an agreement with Southern Illinois University for a study of operations and functions of local taxing agencies.

The study, expected to be started this fall, will be carried out by Dr. Seymour Z. Mann, director, and the staff of the SIU Southwestern Campus Public Administration and Metropolitan Affairs program. The estimated cost of \$6000 is to be paid by the city.

Through the survey, the city wants to determine if local property owners are receiving a full dollar value for every tax dollar paid to the city, township, school district and county.

Dr. Mann said the study should be completed in six months.

Three-fourths of all land in the 45 contiguous states that is 10,000 feet or more above sea level is in Colorado.

4 Meetings Scheduled For GC School Staff

The Granite City school district has scheduled four meetings prior to the opening of the 1960-61 school year on Sept. 6 in order to review school policies and procedures. Supt. Dr. Harold Kaiser announced during Tuesday night's board meeting.

The first will be for school principals, and will be held at the board of education offices next Tuesday at 9 a.m. The principals will meet again the following day at the same time at the board offices.

New teacher orientation will be held at the senior high school cafeteria on Thursday, Sept. 1 in the form of an 8:30 a.m. breakfast. School board members have been invited to attend this meeting.

The final gathering is set in the senior high school auditorium on Friday, Sept. 2 at 9 a.m., and will be attended by all teachers and principals.

Business to be discussed at the principals' meeting include the opening of the new schools, transportation, budgets, supervision of instruction, reports, personnel policies and orientation programs for new teachers.

VFW Auxiliary To Sponsor Essay Contest
The VFW Auxiliary of Post 1300 is making preparations to participate in the 26th annual contest, which was been conducted by the national organization since 1935. The theme will be "Law and the free citizen."

members he recalled appearing before them over a year ago protesting the location of an animal shelter on the block E. street along Edwardsville road.

"We submitted petitions of protest then, and we haven't changed our minds. We don't need an elaborate building for persons living along silk stocking row to board their pets while they are on vacation."

Cuvar asked the council to give consideration to another location. "Why cause bitterness," he asked.

Water Sewers Needed
The need for a site with adequate water and sewage facilities was stressed by Mrs. Robert Chapman and Miss Lucille Macleod, members of the Animal Shelter board.

Mrs. Chapman said the board did not want to hurt anyone, but needed a suitable location to erect an animal shelter building, which would provide facilities for housing and treatment of pets. "We must take care of the animals in the city," she emphasized.

Miss Macleod told council members the city cannot afford to permit animals to run at large and should provide a suitable animal shelter. "People depend on you not to have rabid animals roaming the streets," she added.

Most of the aldermen who entered the discussion expressed opinions favoring a site at the city dump, although opposition was expressed by Aldermen Emerald Dawes, Donald Partney and Charles Meyer.

Problems At 22nd Street
Answering Mrs. O'Bar, Alderman Partney said the 22nd street site was ruled out when it was discovered an 800-foot line would be needed for a sewer connection and an expenditure of several thousand dollars would be required for installation of a lift station, similar to those in operation in the Namekoi sanitary sewer system.

Meyer said he would not want to build at the dump and suggested a site might be found either within the city limits or on the edge of town. He submitted the motion for the site selection to be referred to the Sanitation Committee.

Alderman Walter Nann suggested the committee and mayor might confer with Granite City Steel Co. officials, who had offered the "Block 3" tract to the city, to determine if they would provide a tract on property located at Edwardsville road and August street.

In a vote on Meyer's motion, Aldermen Partney, Meyer, Schmitt, Paul Rutledge, Nemeth, Samuel Whitner, Dawes and Vesci favored the referral to the Sanitation committee, while opposing votes were registered by Aldermen Nann, LeMaster, Steve Basarich, Mrs. Gabrielle Bettine and Samuel Shackelford. Absent were Aldermen Cammer Schubert, Robert Gaughan and Arthur Wierzer.

Supt. Wilkins' Mother Dies At Anno, Ill.
Funeral services were held yesterday afternoon for Mrs. Nellie Mae Wilkins of Anno, Ill., mother of George T. Wilkins, Illinois superintendent of public instruction, of Edwardsville.

Mrs. Wilkins died Monday at Anno, and services were conducted at the Mt. Moriah Lutheran Church at Anno.

EUB COMMITTEES MEET

The standing committee of Good Shepherd Evangelical United Brethren Church met in a planning session, Sunday evening, to set a program for the coming year.

The committee are Christian educators, with Ben McMenemyer, Mrs. Jean Thompson, Mrs. Catherine Sedlack, Mrs. Dolores Forsting and Rev. B. L. Bryan. Also on the church's executive board are the church's evangelists, Basil Woodmansee, Harold Walters, Mrs. Georgia Howard, Roy Thompson and Mrs. Virginia Rainwater. Social action is Al Ritchey, Mrs. Marceline Dawdy, Mrs. Jessie Drury, Mrs. Betty Wallace and Gary Bainwater; trustees, Jim Sherman, Wendell Talley, Royal Hurt, James Drury and Richard Eason; stewards, Mrs. Janice Ritchey, Mel Smith, Mrs. Leona Minemeyer, Bob Ford, and Royal Hurt; W.S.W.S. executive committee, Mrs. Wanetta Talley, Mrs. Lillie Loar, Mrs. Janice Ritchey and Mrs. Nancy Ford. The children who were present were shown two films on the home mission work of the church among the mountain people of Kentucky and the Spanish speaking people of Tampa, Fla. The youth fellowship served refreshments to the children.

A group of forty-five persons was present for the evening. The committee are planning a program designed to meet spiritual needs.

A church "Life Retreat" is being planned for the second Sunday in September at which time the program will be presented to the entire congregation.

SCOUTING AWARDS

"God and Country" awards were presented to Boy Scouts Kenneth Andrews, Gary Andrews and David Williams Sunday by Rev. Paul Evans of the First Assembly of God Church, which sponsors Boy Scout Troop 11.

Scoutmaster Ted Serum planned the awards on the boys' uniforms during the morning service.

Others participating were Assistant Scoutmasters G. C. Bass and Charles Bringer and Scouts Marvin Fitzpatrick, Mike Kocan, David Henry, Robert Cook, Benny Johannpeter, Gary Morris, Tom Bass, Roger Santas, Gary Coleman, Robert Humphreys, and Allen Charbonnier. This was the largest class to receive the award at the church.

Mr. and Mrs. Clifford Mangtand, 2630 Edison avenue entertained Sunday with a barbecue honoring a group of eight scouts, who rehearsed for an exhibition to be given on the Steamer Admiral Sept. 7.

The afternoon was spent squandering and swimming.

Seated at dinner were Mr. and Mrs. Flip McGovern and children, Connie and Phillip, Mr. and Mrs. Tom Contrell and daughters, Brenda and Linda, Mrs. Rhett Stallings and daughter, Sandra, Mr. and Mrs. Sidney Maske and daughters, Betty and Laura, Miss Carl Frances, Miss Dolores Bauer, all of Granite City, Mr. and Mrs. Broyles and children, Dennis and Frank, of Madison; Mr. and Mrs. Ed Hubert and sons, David and Ronnie, of East St. Louis; Mr. and Mrs. John Sabo and sons, Larry and Greg, of Edwardsville; Mr. and Mrs. Mang and sons, Dom and Philip, of Venice and Barbara and Marilyn Mang, daughters of the Clifford Mangs.

Mr. and Mrs. William Bevan, 2841 Edgewood avenue, and daughters, Glenda and Lisa Ann, spent Sunday in Hillsboro, Mo., visiting Mr. and Mrs. Ray Bevan. The Bevan's oldest daughter, Bonnie, returned home with her parents after a two-week visit with the Records.

The rummage sale by Boy Scout Troop 122, of Wilson avenue school PTA will be held on the parking lot between Kroger's supermarket and the American National Bank instead of the Odd Fellows Hall Monday. The sale will be held Saturday from 9 a. m. to 7 p. m.

SUNBEAM GROUP MEETS

The Lloyd Spencer Primary Sunbeams met Tuesday afternoon for their second Baptist church with Mrs. Betty Lewis outlining the program of a Good Will Center. The meeting opened with songs of "nature and love" and a prayer for missionaries.

The six and seven-year-old members made wall plaques, and it was announced the eight-year-olds are spending the week at a Day Camp in Wilson Park with Mrs. Julia Penrod in charge.

Three members participated in a special program. They were Susan Anderson, Bruce Freeman and Cheryl Hancock. Mrs. Lewis also spoke on the state of Missouri, and Connie Wigger gave the closing prayer. Others present were Mary Tooley, Dwight Grizzard, Donna Mills, Mike Bellman and three visitors, Nickie Tooley, Rudy Reiser and Carolyn Bellman.

The Intermediate Girls Auxiliary of Second Baptist Church met Tuesday evening at the home of the leader, Mrs. Dorothy Barnes, 2454 Logan street. The group voted to give a cash donation to the Bond Road Baptist Church and to send a Christmas box to missionary in Alaska. Plans were made for a swimmer's week film night at Sunbeam Beach, Mo.

Present were Linda Anderson, Nancy Wiegler, Karen Farley, Becky Davis, Barbara Anderson, Evelyn Barnes, Phyllis Smith, Judy Adams, Mrs. May Belts, who is assistant leader, and a guest, Mrs. Bertha Atchison. Homemade ice cream and cake were served by Mr. Barnes.

Rev. Virgil Graham of Cagle, Ill., was speaker at the Second Baptist Church this week in the absence of the pastor, Rev. W. L. Shover, who is vacationing with his family.

James L. Horton Left Sunday

Contract Awards For GC School Supplies, Fixtures

Numerous contracts were awarded to low bidders on cleaning, blacktopping, printing, trapper supplies, custodial supplies, pipe and pipe fittings, fluorescent fixtures, electrical supplies, furniture, candy, frozen fruits and vegetables, milkwork and gas stoves by the Granite City school board Tuesday night.

Modern Cleaners was the low bidder on the dry cleaning of band, graduation, football, basketball, track and baseball uniforms, with a contract for the work awarded the firm on the stipulation that work meet the school district's standards.

A central school blacktopping contract went to G. H. Sternberg & Co. on a low bid of \$4783. Three other firms submitted bids on the item, for which \$1800 had been budgeted by the school district.

Tri-City Printing Co. was awarded printing on Sunday, Sept. 18, for \$113 and Wood River Printing contracts in the amount of \$120. Tri-City Printing was low bidder on four items, Wood River Printing low bidder on three.

Trainer Supplies
Six bidders supplied the lowest prices on various trainer supplies, with contracts awarded in the amounts shown to: Graham's Book Store \$35, School Health Supply \$13.50, Van Sickle Co. \$338, A. S. Aloe Co. \$16, Economy Sporting Goods \$22, University Drug Co. \$24, a total of \$672. The school district's initial order will be for about one-third of the total amounts.

Low bidders on a wide variety of custodial supply items and the amounts of contracts awarded each were: Acme Janitorial Supply \$340, Industrial Soap Co. \$206, Fuller Brush Co. \$65, City Janitor Supply \$77, Guenther Salt Co. \$80, Royal Paper Co. \$377 and Butler Paper Co. \$2235, a total of \$5429.

Twelve firms were asked to submit bids on pipe and fittings. The school district received bids from only one, Siderer Supply Co., and awarded a contract for \$200-\$300 for replacement pipe and fittings as needed during the year.

The low bidder among four firms submitting prices on fluorescent fixtures was the Graybar Co. The firm quoted prices of \$39.80, \$60, \$4 and \$3.70 on four bid items, including fixtures and hangers. The Graybar prices were identical in most cases with other bids submitted, but the company offered a 15 percent discount on fixtures and 25 percent on hangers. The board will ask for resubmitted bids in cases where the prices rise before the orders are filled.

Electrical Supplies
A contract for electrical supplies was awarded to Cooke Electric Co., which had the low bid on most items and offered an additional 5 percent discount for the award of the total contract, which amounts to \$241 with the discount considered. Five other electrical firms submitted bids.

Twelve firms submitted low bids on various items of furniture, furnishings and equipment for the new senior high school addition, with contracts totaling \$21,518 awarded by the board Tuesday.

Successful bidders and the amounts of the total contract awarded each were: Lincoln Electric Co. \$1808, R. B. R. Co. \$745, Bencher's Co. \$6698, Sears Roebuck and Co. \$399, Brown Machinery Co. \$23, Sales Co. \$145, Mill Supply Co. \$1029, Broadhead Garrett Co. \$259, McDonald Machinery Co. \$211, DeVill's Co. \$478, Blackwell Wieland Co. \$4176 and Capital Fixtures \$3310.

The M & M Candy Co. was awarded a candy contract with a bid of 20 percent return to the school district. The B & E Planting Mill and Supply Co. submitted a low bid of \$280 for mill work and also was awarded a contract.

Lombardo and Co. was low bidder for frozen potatoes for the school cafeteria with a price of 18 cents per unit, while the Renwood Co. submitted low bids on frozen cherries (.2049 per unit) and frozen apples (.16 per unit) and received supply contracts for these items.

Paddlers To Remain Open Through Sept. 11

The board of directors of Paddlers, Inc., meeting Monday evening at the Paddlers pool, voted to keep the private swimming facilities open through Sunday, Sept. 11, instead of observing the usual Labor Day weekend closing date.

The pool will also operate from 4 to 8 p. m. on school days and observe regular weekend hours during the extension period, provided the temperature reaches 80 degrees on any days in question, it was decided.

Pool manager Keith Parker said plans for the annual aquatic program during the Labor Day weekend have not been completed, but the show will be held. On Sunday, Sept. 4, members have been invited to bring and show to members both eight and 16mm films of pool activities taken this year or in the past.

It also was announced by pool association president Francis McBride that a special meeting of members will be held at the Paddlers pool on Sunday, Sept. 18.

Attending Monday's meeting in addition to Parker and McBride were: Charles Van Der Lewis, Sabin, Homer Johnson, Ralph Schmidt, Mrs. Minnie Siple, Mrs. Edna Hagler, John Bondegaard, Paul Morris, Jack Scherer, Miss Dolores Bourisaw, Mrs. Kyrona Smith and assistant manager Don Brumleve.

overtaken, and drawers emptied into a pile on the floor, they said.

Took Taken From Truck
An eight-inch electric saw and a 4-inch electric drill were taken from a truck on a highway near St. Louis last night, it was reported to Granite City police yesterday.

The thief also took a hub cap from his 1957 auto. Both were parked at his home, 2053 Cleveland Blvd.

Theft of a 4 horsepower mower from the home of Mrs. Larry Doty, 2550 North street, was reported to Granite City police this week. The mower had a 24-inch blade.

While his 1955 auto was being repaired at a body shop in the 2000 block of Madison avenue, thieves took five new white sweaters, fender skirts and hub caps, Bremer Thomas Ward of 5744 Engineer Depot Co., reported to Granite City police yesterday.

A white birdbath was stolen from the front lawn at the home of Anthony Donoff, 2523 Lynch avenue, within the past five days, according to a report made this morning to Granite City police.

books from two firms in Granite City in the victim's shirt pocket would seem to indicate he had traveled through this area at some time," Pleper added.

The deputy coroner theorized that the body had been in the water from four to five days before it was discovered. Identification of the man was impossible by finger printing, due to decomposition, he said.

"I've had a couple of inquiries from local people," Pleper said, "but as soon as they were told the man was dead these people said it couldn't have been the person they were inquiring about."

The unidentified man was described as being five feet, six inches tall and weighing 175 pounds.

Exposure Fine Dropped, 1-Year Probation Instead

Lloyd T. Blake, 30, of 1711 Delmar avenue, was fined \$200 and costs Tuesday in Granite City police court for indecent exposure, and \$50 and costs for disorderly conduct by Police Magistrate Andrew Gasparovic.

The exposure fine was suspended last night from the \$200 and a year's probation instead, the magistrate said. Blake pleaded guilty to both charges.

Blake was arrested Monday after a complaint was made by a teenage girl who said she was molested Friday afternoon at Fehling road and State street. He was traced through the girl's description of his auto. The warrant was served Monday afternoon.

Bush Prowlers Reported
Granite City police received a report last night from the 3600 block of Edison avenue that subjects were prowling and hiding in bushes. Police checked yards and alleys in the area, but found no one.

SIU Centers Expect 4000 For Fall Terms

Enrollment at the two Southern Illinois University residence centers at Alton and East St. Louis is expected to exceed 4000, an increase of about 16 percent over last year's 3451. The size of the faculty also has been expanded, from 144 last year to 160.

Both schools will open for the fall term on Sept. 21. Last year the Alton center enrolled 1944 students, while 1507 attended at East St. Louis, according to Dr. Ray Spahn, publicity spokesman.

Summer school enrollment this year was up over 52 percent over last year. Students at the two centers totaled 1257 for the last semester, compared with 825 for last year.

Both centers in the summer of 1959.

The two centers make up SIU's Southwestern campus and will eventually be concentrated at the new site near Edwardsville which will serve Madison and St. Clair counties. At Alton, six classrooms have been added by remodeling residence buildings.

Dealer Blames Contest For Newspaper Thefts

The proprietor of the newsstand at 19th and State street reported to Granite City police Monday that as many as 200 out-of-town papers have been stolen from his stand in one day recently.

He said he thought a contest in one paper, that requires entry blanks printed inside, might be the motive for the thefts. Police were requested to check the stand after 4 p. m.

Impatient Footballer Treated At Hospital

The first local football injury of the season was reported yesterday even though practice was not begun for area high schools until Monday.

Eddie Young, 17, son of Mr. and Mrs. Jacob Young, 1033 Douglas street, received nine sutures to his left knee yesterday at St. Elizabeth Hospital.

A senior lineman at Madison high school, Young was injured while trying to get a head start on his teammates on a Venice sand lot.

Also treated yesterday was Eddie Snipes, 14, son of Arthur Hoff, 1645 Moro avenue, who was treated for a cut on the back of his head received when he fell on the diving board at Paddlers' pool. Corneil Haynes, 13, son of Mrs. Christina Haynes, 1611 W. Wright Homes, required sutures and a booster shot for a cut to his right index finger.

Bitten by a dog on the right thigh, Mrs. Beverly Jones, 22, of 2901 National avenue, received an anti-rabies inoculation. A cut to the top of the head of Stephen Winn, 8, son of Vernon Winn, 2027 Russell avenue, was cleaned and sutured. The boy was injured when he hit his head on the drawer of a kitchen cabinet at his home. Suffering a fall from a merry-go-round, Freddie Wicker, 12, son of Virgil Wicker, 1542 Meridian avenue, was advised to see his family physician.

Street Superintendent Issues Warning

Granite City Street Supt. William Varfield today issued a warning to property owners along alleys recently have been burning trash on the freshly oiled right-of-ways.

"This burns out the oil and will result in further damage," he explained, pointing out he is checking with the city's legal department to determine if trash-burning in alleys is in violation of city ordinances.

20,390 In County Get Free Chest X-Rays

A total of 20,390 persons obtained free chest x-rays from the Madison County Tuberculosis Association traveling unit during May and the first half of June, Mrs. Betty McClintock, association executive secretary, announced today.

Discovered were 63 cases of tuberculosis, 59 inactive and four active.

The traveling unit x-rayed 2723 persons in its public survey and 12,117 at industrial plants. Because of possible infection, 197 persons were advised to have larger x-rays taken at local hospitals.

Referred to their physicians because of chest conditions other than tuberculosis were 391 persons. Conditions found included benign and malignant tumors of the chest, cardiac conditions, pneumonia, silicosis, emphysema and bronchitis.

The survey was part of the association's annual case-finding program. The x-ray, large and small, are provided without cost through funds raised in the yearly Christmas Seal campaign.

Two Speeding Tickets

On charges of speeding at 25th street and Madison avenue early today, Raymond H. Pearl, 35, of 165th Engineer Depot Co., and Raymond E. McGee, 17, of 2419 Iowa street, were arrested early today by Granite City police.

They posted their driver's licenses as bond.

weekends. Supt. of Madison Schools Wensel Brown said today.

Touchup Painting, Blacktopping
Minor touch-up painting and patching is being done this week but should be completed by Monday, he added. Blacktopping for the playground began Tuesday and will probably be finished by the weekend.

The two schools are generally identical in appointments. They differ only in size and color schemes. Harris school built at a cost of \$463,029, will have 21 teaching rooms available, of which 17 will be in use this year. Blair costing \$339,311, contains 13 rooms.

Both schools will cater to the kindergarten through third grade set and have a multi-purpose room to be used as gymnasium, cafeteria and auditorium. The room at Harris will be larger because of the greater enrollment.

The floor of the room is in rubber vinyl tile which will not scuff readily and does not require waxing. Folding tables and benches can be brought on to the floor at lunch time, with kitchen facilities placed at one end behind aluminum doors. The basketball backboards are adjustable for both child and adult play. Sound equipment makes the rooms also suitable for assemblies and plays.

Predominant colors at Harris are a mint green in the interior and a greenish-blue on the outside. Vermillion is the main color at Blair. Each classroom is highlighted by a different color or with the corridors at Harris using mint green wall tile, a white tile floor and lockers of royal blue.

Lighting is provided by surface-mounted fluorescent lamps in the classrooms and incandescent lights in the corridors and gymnasiums. In each of the kindergarten rooms a germicidal lamp will be in operation to reduce the number of bacteria.

17 On Harris Staff
At Harris, the staff will include 17 teachers in addition to the new principal, Dunk, the former athletic director at Madison high school. The first floor will house the two kindergarten rooms, five rooms for the first grade and three second grade rooms.

On the second floor will be two more rooms for the second graders and five for the third grade. Also on the upper floor will be visual-aid, music and science rooms and a teachers' lounge. One room will also be used for storage this year.

A storage building built along side the Harris school will hold supplies for most of the district. Architect for the buildings is Virgil Dulgeroff, M. H. Wolfe Co. is the contractor.

Of the 2780 Madison enrollment last year, 640 students attended the high school, 320 were at the junior high, 630 at Dunbar, 620 at Harris, 470 at Louis Baer and 210 at Blair.

At Venice high school last year, 157 were enrolled, while Lincoln high had 120, Venice grade school 375 and Lincoln grade school 370.

Nearly 17,000 students are expected to enter Quad-Cities public and parochial schools this year.

Mental Health Laws Needed, Rotarians Told

Samuel H. Shapiro, Democratic candidate for lieutenant governor, told the Madison Rotary Club yesterday that although mental health treatment facilities in Illinois are improving, more legislation is needed before they are adequate.

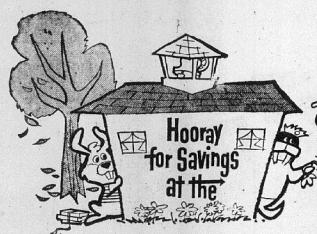

Outlining the present need, Shapiro told the group that of all United States Hospital beds, more than half — 52% — hold mental patients. One person in ten needs help at any given time, he said, and with 50,000 patients in the 13 state institutions now, the need for more psychiatrists, nurses and space is increasingly more acute.

Shapiro said that while Illinois ranks seventh as a state in mental appropriations spent, it has dropped from ninth to 43rd in results.

A cosponsor of the state mental health code, passed in 1951, Shapiro also was cosponsor of the mental deficiency code and was chairman of the mental health commission established in 1955.

From Kankakee, where he practices law, Shapiro is presently serving his seventh consecutive term as a member of the House of Representatives. Frank Egan was program chairman at the Wednesday meeting, held in the Memorial Center.

tion with the ultimate goal of reducing costs to the school district by the elimination of some bus routes in the future, were made Tuesday. The school administration and board members are to conduct the study.

The two-year contract proposal by-passed by the board in favor of the three-year pact called for the retention of all Agency routes as proposed with annual costs of \$93,201 plus special service charges of approximately \$8,000, or a total of \$101,201 per year.

The one-year proposal would have retained all the present school bus routes at an annual cost of \$88,881, plus the estimated \$9,000 special service costs, a total of \$104,881.

NAMEOKI LITTLE LEAGUE MEETS

The Nameoki Little League held its August meeting Monday evening in the recreation room of the Nameoki Presbyterian Church on Pontoon road.

Ronald Homyer, president and players agent, conducted the meeting, at which 20 parents and 120 boys were present. Homyer reported that some of the coaches, umpires and adults interested in the league have no boys playing, and pointed out a number of parents whose boys play for a span of five years can't find time to attend one meeting a month. He thanked those who participated.

A new ruling that boys playing on minor teams are not to wear uniforms, was discussed. It was decided that no additional uniforms will be purchased, and the uniforms the teams now have will be used until they wear out.

An election will be held at the September meeting and trophies will be presented at that time. A nominating committee was chosen with Homyer, chairman, and members Walther Spickland, Frank Farrow and Bo Schwendemann.

Mr. and Mrs. Lewis Brown, 516 Twenty-fourth street, motored to Chicago over the weekend and returned with Mrs. Brown's two sons, Steve and Michael. They will spend two weeks pasturing here.

Mrs. Barbara Archer, and children, Kerigan, Christian and Eric, of Rural Route One, returned home late Sunday evening after a week's vacation at Osage Beach in the Lake of the Ozarks. They enjoyed boating, swimming and water skiing while there.

The Boston and Maine Railroad is an amalgamation of 111 separate railroads.

Trailer Falls On Man;

Other Injuries Treated

While working under a small trailer being built at a friend's house Tuesday evening, Malcolm Wallace, 31, of 1229 Edwardsville road, was injured when the trailer slipped off jacks onto his head. Taken to the emergency room at St. Elizabeth Hospital, he was examined and released to return later for X-rays.

Five autopsies were applied to the chin of five-year-old Gary Perigo, son of Robert Perigo of 2700 Denver avenue, after he slipped in a bath tub Tuesday night.

Ramona Planitz, one-year-old daughter of Jerome Planitz of Apt. 82, Greiner Homes, received a tetanus inoculation after she was bitten on the upper lip by a dog; and Barbara Parris, 11, daughter of Idune Parris, 1303 Kirkpatrick Homes, was treated for burns to her right arm and hand after a gas oven flared at her home.

Police Arrest Both Drivers After Crash

The drivers of both autos were fined after a collision at 25th and Benton streets Tuesday morning.

George E. Hotz, 32, of 3032 Myrtle avenue, pleaded guilty to failing to yield right-of-way, and was fined \$10 and costs before Police Magistrate Andy Gasparovic. Hotz was traveling west on 25th street.

Arrested for driving without a state license was Peter Hundley, 24, of 2519 Lynch avenue, who pleaded not guilty. She was released after posting \$50 property bond. She was driving north on Benton street, police said.

To win the badge the boys have studied and taken part in church activities for 12 months.

Quad-City Police Urged To Join St. Louis Plan

Eight Quad-City police officials visited the St. Louis police academy yesterday afternoon to learn of the metropolitan force's recent successes in simulated crime apprehension experiments. In essence, the gathering of nearly 35 policemen was told that in 34 crime exercises using a strategic deployment of mobile and stationary police agents surrounding an area of a newly reported crime, a better than one out of two ratio of captures had been achieved by the St. Louis department. An even higher percentage of criminal apprehension could be made with the cooperating police forces of the entire greater St. Louis area, Col. Curtis Branstetter, St. Louis police chief, explained to the visitors.

Quad-City police forces are expecting a form request from the St. Louis department, Granite City Chief Raymond Willard told the Press-Record this morning, asking Illinois agencies to join with the Missouri group in large scale crime apprehensions. Local police are considering his proposal, and Willard, speaking for his group, said the plan deserves a favorable answer. Attending the conference were: Granite City—Chief Willard, Chief of Detectives James Powderly, Lt. George Teller and Sgt. Leo Padgett; Madison—Chief Barney Fraundorf, Officer George Ramach, and Sgt. Emmett Pavia; Venice—Capt. Frank DeWitt.

SOCIETY

Job's Daughters 'Royalty Night'

"Royalty Night" was observed Tuesday evening by Bethel 43, International Order of Job's Daughters, in connection with a meeting at the Masonic Temple.

Sherry Haddock, guest honored Queen of Bethel 42 in Belleville, presided, and other guest officers were Tamara Hutto, honored queen of Bethel 45, Alton, and junior and senior princesses.

Mrs. Lida Thies, grand guardian of Job's Daughters of Illinois, another honored guest, was welcomed by Mrs. Nell Baskette, guardian of Bethel 43.

Plans were made to attend "Boats for Bravery" night in Lebanon Sept. 1 and the meeting closed at 9 o'clock.

Entertainment was furnished by a Dutch orchestra led by Margaret Champion. Taking part were Mary Christian, Kathy Padde, Lynda Teller, Carmen McGovern, Sandra Johnson, Nadine Fields, Terry Laney, Charlotte Mathis and Kathy Brive.

Refreshments were served to approximately 110 members and guests.

Shower Honors Miss Wyatt

Miss Barbara Wyatt, who will become the bride of Raymond Blackburn Saturday, has been honored recently at a number of pre-wedding parties.

Among them was a personal shower Tuesday evening at which her sister, Miss Lura Lee Wyatt, who is to be maid of honor was hostess.

WSCS Board Plans Fall Events

Mrs. Elsie Henley, president, was in charge Tuesday at an executive board meeting of the Woman's Society of Christian Service of Niedringhaus Memorial Methodist held in the recently remodeled and redecorated ladies lounge of the church.

Eighteen members responded to roll call after the opening prayer by Mrs. Beverly Barnett.

Announcement was made of a week of prayer and self denial to be held Oct. 25-31 and a special program was planned for Wednesday evening, Oct. 19.

The annual Thank Offering will be held in November. The guest speaker to be announced later. Several study books also were discussed, and each Circle will

decide upon the book to be used for the coming year.

Articles for the annual bazaar in December were displayed and plans were made for a supper for the Sunday school officers and workers.

The meeting closed with prayer by Mrs. Beverly Barnett.

RETURN FROM VACATION TRIP THROUGH WEST

Mr. and Mrs. W. H. Dishong returned to their home at 2706 Madison avenue Monday evening after a two-week western vacation tour of Yellowstone, Salt Lake City, and Colorado Springs.

Stopping briefly in Woodland Park, they visited Mr. and Mrs. E. Corrie, former Quad-City residents.

Six-Month Report Reveals Employment At Stand-Still

"A net increase in employment of 100 was experienced by 25 reporting firms in manufacturing, while non-manufacturing suffered a mild decline of 100 during the period between mid-January and mid-July," Malcolm A. Thompson, manager of the Illinois State Employment Service, said today in his six-month report.

During this period, the most significant gain occurred in primary metals, where increased demand for steel resulted in the addition of 250 workers. Transportation equipment added 75 workers during the period to complete orders before a temporary shut-down for change-over of body styles. An increase in orders produced a gain of 90 workers in food processing, accompanied by a smaller rise in fabricated metals. The most significant loss during this period was suffered by a new plant in the furniture industry, where employment dropped 225 due to

a seasonal decline in orders. Printing-publishing, along with chemicals, have experienced small dips since Jan. 15.

Non-Manufacturing Declines Small increases in finance, insurance-real estate and in service were not enough to overshadow the decline in government and transportation, Thompson said. The declines in these non-manufacturing firms were a result of a curtailment of operating funds for government and seasonal layoffs in transportation.

The local unemployment roster was recently increased by the addition of those laid off in July due to a seasonal slack in lawn furniture orders, and by the influx of June graduates. However, unemployment decreased from 2000 to 1600 during the six-month period. Thompson concluded by saying, "Estimates submitted by reporting firms indicate a slight gain in over-all employment dur-

ing the next few months. Seasonal advances in durable goods should more than offset losses anticipated in food processing and government."

Joseph Alfaro Promoted To Specialist Four

Joseph Alfaro, son of Mrs. Theima Alfaro, 2304 Illinois avenue, recently was promoted to specialist four in Germany where he is a member of the 36th Artillery. Specialist Alfaro, 22, a cannonier in the artillery's battery C, entered the Army in February 1959 and received his basic training at Fort Leonard Wood, Mo. He was stationed at Fort

Chaffee, Ark., before being sent overseas in June 1959. Alfaro attended Jackson high school, St. Louis.

Kiwanis See Film On Primary Elections

"Where Were You?" members of the Granite City Kiwanis Club were asked at their meeting Monday night at the Elks club. The rhetorical question was the title of a film stressing the importance of primary elections in the United States. Narrated by Joseph W. Welsh, celebrated Massachusetts attorney and one of the stars of the motion picture "Anatomy of a Murder," the film explained the need for more concern by voters with the preliminary elections. The next meeting of the club will be an interclub affair in conjunction with the Kiwanis of Glen Carbon, Publicity Chairman Merlin Hiseout announced. He also said club members set either Sept. 12 or 19 as the date for their ladies' night program at the Chase hotel in St. Louis. He was certain the ladies would enjoy the wrestling match they plan to attend.

Charles Gavin Attending Two-Week Banking Course
Charles L. Gavin, First Granite City National Bank, is one of 1146 students now attending a two-week residence session at the University of Wisconsin's school of banking, Madison. Attendance at the school, sponsored by the Central States Conference, enables students to meet a large selection of country-wide bankers, and to hear the schools' recognized authorities lecture on banking, economics, law, industrial and financial problems. Two weeks' attendance for three years is required for graduation.

Safety Poster Contest Deadline Next Tuesday

Entries in the Quad-City Safety Council's safety poster contest are increasing as the Aug. 30 registration deadline draws near. Council President Alfred Weider reported today.

Telephone calls were made this week to local organizations encouraging the groups to publicize the event, to be held in conjunction with an area-wide observance of local Safety Week, Sept. 1 through 7. Prizes in the contest will be awarded in each of three grade divisions — first through fifth grades sixth through ninth and tenth through twelfth. The contest is open to any boy or girl who will be enrolled in a Quad-City grade, junior or senior high schools in September.

A total of \$140 in prizes will be awarded, with the grand prize of \$50 going to the entry judged best in the competition.

Charles Libby Wins \$962 Suggestion Award

Charles H. Libby, 1628 Venice avenue, was awarded \$962 for his efficiency suggestion at A. O. Smith Corp. during a recent ceremony.

A foreman in the small parts assembly department at the plant, Libby won the second place, 1930 Edison award, where largest award paid since the suggestion plan began in April, 1959. His suggestion regarding improved methods of handling material in two manufacturing departments resulted in an annual saving of \$3851.

Stop Sign Arrest

Andrew J. Yurko, 16, of 1217 Grand avenue, Madison, was arrested by Granite City police at 10:20 p.m. Monday on a charge of running a stop sign at Iowa street and Niedringhaus avenue. He posted his driver's license as bond.

Bright Hopes For New Postoffice A Tribute To C. Of C. Perseverance

The note of optimism in Monday's news story about the proposed new Granite City postoffice building is encouraging. If everything goes well, the new building should be under construction — even completed — in 1961.

No one knows better than customers of the postoffice how badly a new, modern facility is needed. In fact, it is overdue by many, many years. The present structure, built nearly a half century ago for the population of that period, is being called on now to serve a 1960 census figure of almost 40,000, plus the vastly heavier load of business and industry. A horse and wagon would be just as much out of place and inadequate in this jet age.

When the first spadeful of earth is turned for the new building at 24th street and Madison avenue, it will mark the climax of a civic effort that goes back almost to the end of World War II. Initiated by the Chamber of Commerce, in the intervening years there have been trips to Washington, D. C., and to Chicago by C. of C. committee members, at their own individual expense, and innumerable conferences locally with postal officials from regional headquarters.

Such perseverance should be rewarded.

Continuation Of Assessment Mapping Program Is Key To County's Future

Year in and year out, the Madison County Board of Supervisors handles many important matters for the citizens of this county. But this year one stands out above all others. It is continuation of the assessment mapping program.

Not only are complete and equitable property assessments involved, but these maps are the foundation for development of land use planning and zoning in the unincorporated areas of the county. Without a land use plan and zoning, industries will shy away and jobs will be lost; property values, whether they be industrial, commercial or residential, will go unprotected; services normally provided by cities, school or park districts will, in many instances, become difficult and costlier. This must not be allowed to happen.

Madison county already is a quarter century behind other progressive counties in this vital matter. Actually, a "crash" program is called for in order to catch up. This would require much more — and would be worth it — than the less than 1-cent tax that is being asked.

Let's not procrastinate; the stakes for everyone are too great.

Unexpected Benefits Being Reaped From U. S. Space Research Program

Everyone knows that the United States space research program is costly. About 30 to 50 billion dollars is expected to be spent in this field in the next decade. What they may not know is that the benefits also are immense, and not merely in the obvious sense. The efforts in space have greatly advanced medi-

cal research. Just one unexpected breakthrough — the discovery of the medical value of hydrazine, a liquid missile propellant — alone is worth a fortune. Pyroceram, developed as housing for radar antennas, has made possible better pots and pans for the kitchen. Satellite scan devices are being used in such domestic infra-red appliances as lamps, roasters and ovens. Better portable radio and television sets are available because of miniature electronics and bearings used in and originally designed for satellites. New materials, fabrics, alloys and compounds also have resulted and are being adopted for the consumer market. Engines, automatic pilots, radar systems and flight equipment developed for space already have been used to improve conventional aircraft. Missiles were used to help build the St. Lawrence Seaway, and they are bringing down the high cost of quarrying, making economically available new sources of ore and hydrocarbons.

In the future, mail may become almost as fast as telephone calls when guidance devices now being developed make possible the soft landings necessary for commercial rocket cargo and passenger transport. Other innovations include a new welding process, new tools for food and agriculture, a new forage harvester, weather modification and anti-radiation measures.

It can be seen that while much has been spent, a rich crop has been harvested. The space research program has resulted in the demand for workers, specialists, technicians and an all-time high. Both the employment level and national income have benefited.

All Need To Be Registered By October For November Election

With new voter registration cards being mailed out this month, all those not registered but otherwise eligible to vote should take the mailing as a reminder. It should remind them that they, too, have the privilege and obligation to add their names to the roll call of good citizens.

If all persons were to vote, the election of candidates could not help but reflect the wishes of the majority of the public. Yet only a few people vote. The ideal outcome is not nearly so certain. A necessary first step is registration, for those not on the registration list cannot vote.

Indifference to the duty to vote directly attacks the stability that the United States needs to successfully compete in the "cold war" era. Two dates are of paramount importance — October 10, the last day to register for voting, and November 8, election day.

Those already registered whose cards are expiring will automatically receive new cards from the office of the county clerk.

Human progress is often impeded by the anxiety of human beings to get credit for themselves.

Money spent for education is an investment in better people and higher standards of living.

Three To Be Honored

Approximately 20 local DeMolays will attend the 34th annual state DeMolay conclave to be held in Jacksonville tomorrow and Saturday at McMurry College. Of the 20 attending, five will be voting delegates representing the local chapter.

More than 500 DeMolays are expected to attend. A parade will be staged in downtown Jacksonville on Friday afternoon, to be led by Gov. William G. Stratton. It will feature a "Parade of Sweethearts" with individual chapter sweethearts who will compete for the title of DeMolay's sweetheart of Illinois. Coronation will be held at the grand ball on Friday evening.

In addition to the regular sessions, when officers for the ensuing year will be elected and installed, honorary degrees and awards will be presented.

Local Boys To Be Honored
Three local boys will receive their order of Chambers degree in a state class led by Gov. Stratton.

They are William Ridings, son of Mr. and Mrs. Preston Ridings, 4788 Nameoki road, Michael McIlroy, son of Mr. and Mrs. Wayne McIlroy, 2422 Benton street, and John Hutchings, son of Mr. and Mrs. Paul Hutchings, 1616 Third street, Madison. The Order of Chambers is the second highest honor in the DeMolay order. Granite City now has 60 members who have received this honor.

"Uncle" Jimmy Stuart will accompany the DeMolays, along with the boys' fathers who will furnish the transportation. Attending from here will be the five voting delegates, George Lipe, Larry Ashley, Ervin Knezevich, John Hutchings and El-

dop Poole, and David Partney. Robert Thomas, James Slattery, Larry Lipe, Michael Sanders, Billy Smith, Robert Haldeman, Charles Meador, John Allen, Richard Lore, Pat Causey, Robert Hoag, Rex Waggoner and George Cox.

Mayor Dabris of Jacksonville has declared Saturday as "DeMolay Day" in Jacksonville.

**Downtown Architects To
Move Office In October**

The firm of Gabriel & Dulgerdt, architects, now located at 1339a Delmar avenue, hopes to be relocated in the Signagio building at 1509 Twenty-third street by mid-October, it was learned today.

Now used as a combination apartment building, it is being purchased by the downtown firm and will be redecorated prior to the transfer of operations. The architects will utilize the upstairs and rent out office space on the ground floor.

They said overall space would be about the same, but that better parking facilities are available at the 23rd street location. The firm has prepared plans for residences, school buildings, commercial buildings, and a Boy Scout camp. Business will go on as usual during the transfer.

Home From Hospital
Mrs. Edwin Rapp, 2620 Pontoon road, returned home Tuesday morning from St. Elizabeth Hospital where she underwent major surgery.

Parking Lot Accident
Along Nameoki Road

While backing up in a parking lot at East 26th street and Nameoki road Tuesday evening, an auto driven by Sharon S. Gibson, 17, of 2916 Myrtle avenue, backed into the left rear fender of a parked auto, damaging it slightly, Granite City police reported.

James E. Flowers, 32, of 2664 Miracle avenue, was at the wheel of the other auto.

The FORUM

LOCAL CANDIDATE IN SIOLE ELECTION

To the Forum,
G. C. Press-Record.

A very important event is coming for the members of the Southern Illinois Citizens League. This event is the 2nd annual election of officers to be held at 8 p.m. in the Collinsville VFW Hall on September 18th.

This election is important because the membership will elect the men who are to lead the league through the crucial months of the next year.

At the league's July business meeting, the membership elected a nominating committee. At the August meeting this committee nominated a slate, and nominations were also made from the floor. It is the committee's nomination which I feel the membership should support.

I wouldn't think of posing an imposition on time or space to mention the names of all the nominees submitted by the committee, but I would like to mention the liberty of mentioning two of the men who are up for the two most important offices.

These men are DAVID GANTT of Granite City for President and JOHN BUCK of East St. Louis for 1st Vice-President.

These two men are dedicated, industrious and aggressive leaders who can lead the SIOLE to new and important achievements, especially in the legislative efforts.

Keep in mind, fellow members, you are being taxed by Missouri with no voting privileges and no duly elected representatives. Now's your chance to elect men who will give the dynamic leadership needed to offset the disadvantage of not having the right to vote in the Missouri state election.

Remember, also, that you must present your membership card at the VFW Hall to obtain a ballot.

Railroad Retirement Acts; also other items we have asked you to carry which we considered to be of special interest to your railroad readers. We realize that space limitations have restricted the release of letters sent to our editors and only such other items we considered to be of special importance and interest to the local railroad community.

The publicity you and other editors in southern Illinois have given to these fraud cases has been a most powerful deterrent. This is evidenced by the fact that prosecutions for unemployment fraud in the Eastern District of Illinois (Federal Court) have declined by approximately eighty per cent. The only explanation is that the Court has imposed jail sentences and the local newspapers have publicized this fact.

So again I may say thanks for your splendid cooperation. Sincerely,
COURTNEY G. CLOWER,
District Manager,

**HOPEFUL GOLF COURSE
MAY BE BUILT HERE**

To the Editors:

It was very pleasing to see our Park Board is now investigating the possibility of building a public golf course for our community. This is a badly needed recreational facility that should have been built many years ago.

It seems to me that a community of over 40,000 people should have at least one public course as well as a few smaller communities have one or more.

A golf course is a self-supporting recreational facility and would not be an additional burden on the city treasury and be enjoyed by people of all ages. The Park Board has done a swell job with the programs for young people, but how about some consideration for the older people who also need exercise.

I, for one, am looking forward to this development with great enthusiasm, as it is very convenient to drive many miles to play golf and support the courses in our neighboring communities.

HIG BOYS CHASING LITTLE BOYS OFF PLAYGROUND

To the Granite City Park Board and Supt. Williams:

I don't know why people come to the playground and complain about different things concerning our park here (in the Tri-City Park area).

There are a few big boys fighting and chasing the little ones off the playground equipment and some of it already has been damaged.

I wish some of the people near the park would kindly watch some of those boys and report them to the proper authorities.

Beating Report Checked; Boys 'Only Wrestling'

Granite City police received two reports Monday night of a boy being beaten by other boys, but after checking the second report were told the boys had been wrestling. The boy reportedly beaten was not located. The first report was received at 9:18 p. m., and gave the location in an alley in the 2800 block between East 24th and Edwards streets. Police were unable to locate anyone. A second beating report was

Granite City PRESS-RECORD Page 32 Thurs., Aug. 25, 1960

received at 9:36 p. m., the location being the 2400 block of Madison avenue. This time police talked to two boys who admitted being "in on it," but insisted they had only been wrestling, not fighting.

Quantanamo is a U. S. Navy station in southern Cuba. The town normally has a population of about 10,000, but about 100,000 U. S. sailors, of about 100,000.

3 New Street Light Locations Proposed

Three new street light locations were proposed by Alderman Emerald Davies during Monday night's meeting of the Granite City council. Davies is chairman of the light committee.

The locations are for Denver and Nevada streets, the 2800 block of Harding avenue and at Sunset and Wilson avenues. A resolution is to be prepared for adoption at the next session.

Mental Problems Need Early Care, GC Clinic Head Says

"Early psychiatric treatment is an important in emotional illness as seeing a doctor at the first tell-tale symptoms of cancer or tuberculosis." That was the advice Dr. John M. McMahon, medical director of the Madison County Mental Health Society's clinic in Granite City, gave from his office at 1243A Niedringhaus avenue this week. Emotional disturbance strikes rich and poor, and children as well as adults, the psychiatrist continued stressing that no one group or other group has a monopoly on problems. The sooner people realize they are not alone in their trials and actively seek qualified help, the sooner, in most instances, they will return to normal lives.

Dr. McMahon is no stranger to problems, having served, in world war II, the Korean war, plus work with the Veterans Administration Hospital, Jefferson Barracks, Mo., and over seven years service with St. Louis State hospital. He said the Granite City outpatient clinic, opened last January, serves for the treatment of emotional problems which interfere with a happy home-life, work or the person's relationships in the community.

Fees Moderate As for fees, those he related are based exclusively on an income basis. Citing as an example, he said a family whose income range was from \$4000 to \$6000 a year would be charged \$10 for a complete diagnostic evaluation and then \$4 a treatment visit, provided they were recommended. For the unemployed or those without funds, there is no charge. Free service also will be rendered to any former patient of an Illinois State Mental hospital who is still on a conditional discharge.

Outlines Procedure Given an individual showed enough concern for his or her mental health by coming to the clinic or calling TR. 7-4420 for an appointment, the doctor outlined the following procedure

Dr. John McMahon, medical director of Granite City's mental health clinic, 1243A Niedringhaus avenue, stresses early psychiatric treatment of mental disturbances for mature development and happy living.

First, the patient is given a medical referral form to be filled out by the family physician. This is done so that both clinic and family doctor can work in close cooperation for the individual's greatest benefit. At the clinic, a client is usually first interviewed by Mrs. Jo Crouch, a psychiatric social worker specially trained in understanding human behavior, and the uses of community resources to help people make a better adjustment to their surroundings. She obtains a personal history of the individual with relation to the current difficulty. Later, the patient sees the psychiatrist, a doctor of medicine who has specialized in the diagnosis and treatment of emotional and mental problems.

visit the clinic for help with marital problems. Treatment of a mental problem first consists of an understanding of the trouble and its causes, getting to the root of the matter. Later, regular treatment interviews may be recommended to help the patient better understand himself, his needs, his feelings and behavior.

Children receive treatment through what is termed "play therapy." Specially selected toys and the child's use of them, permit the clinic to observe and interpret the youngsters' fantasy in games, his frustrations and anxieties which he acts out in play what he cannot do in real life. Operating presently on a part-time basis, Dr. McMahon hopes that in the near future full time operation will be possible for the Granite City mental health clinic. However, he concluded that decision will come from the 36 member society board which originated the clinic, sets the policy, and hires the professional staff.

UF Campaign Chairmen Discuss Division Goals

United Fund campaign chairmen for the industrial division met Monday evening with General Chairman James Hamilton Jr. to discuss progress in arriving at a campaign goal for their group.

Chairman James MacDonald and vice-chairman G. W. Hoelscher told Hamilton they expect the industries to be at least as strong in contributions as last year. Other meetings with division chairmen in the next two weeks should result in goals being set for each of the six UF areas — industry, employees, business, professional, government, special gifts and organizations. Hamilton said.

GC Relief And Town Expenses Total \$3864

Relief and town fund disbursements, approved Monday night by Granite City council members for Granite City township, total \$3864, of which \$2968 was for relief and \$896 for town purposes.

The relief bills included \$1964 for food, \$183 for medical care, \$10 for meals, \$88 for room and board and rent, \$3 for transportation, \$25 for nursing home care, \$6 for water, \$5 for gas and electricity, \$407 for monthly salaries for three office workers, \$20 for employee retirement, \$18 for caseworker travel and \$29 for office telephone service.

Town fund expenditures were \$700 for half-monthly salaries of three town officers and monthly salary of the town attorney, \$42 travel for Supervisor Leonard Oram, \$59 travel allowances for Assessor Van Dee Cruse. Other allowances were \$20 for Town Clerk A. L. Stevens, \$20 for Justice of the Peace Gerhard Mueller and \$20 for JP Robert Roulund.

The township paid \$50 to the city for August rent for the assessor's office in the city hall, \$31 for the assessor's telephone service and \$20 for office supplies for the assessor, \$25 for employee retirement and \$4 for postage for the supervisor's office.

Withers Wins Toastmaster Award With Fish Tale

With the speaker's pool all 16 himself at Monday evening's meeting of the Toastmaster's club at Cline's restaurant, Charles Withers, expertly casting his vocal line, reeled in his catch of the club's weekly awarded the clasp. For bait he used, "My Fishing Trip at Table Rock in the Ozarks."

Toastmaster for the occasion was Dr. Claude Hiles, with Herman Greeve as general evaluator. Earl Lee was awarded the title of best critic.

Chicagoan Early Wynn's total of 273 major league victories is good for a 14th place tie with Charles "Red" Ruffing on the list of all-time winners.

New State Auto License System For '61 Explained

Secretary of State Charles F. Carpenter today outlined details of the new Illinois license numbering system which will go into effect for passenger cars in 1961.

The new system is based on the recommendations of the College of Engineering of the University of Illinois, which conducted a two-year study of license numbering systems.

"With the adoption of this license numbering system, Illinois becomes, I believe, the first state to base its system on the results of scientific study, research and experimentation," Secretary Carpenter said.

"We can say with confidence that this system will offer quick

and accurate identification of motor vehicles," Carpenter said. Here is the new system:

Numbers with digits only will be retained from 1 through 999,999.

Beyond that—in other words instead of numbers in the one two and three millions—the license number will be made up of two letters followed by four digits, beginning with AA 1000.

Letter-digit plates will be made up according to the following schedule:

The letter I, O and Q will not be used on any plates.

With the exception of those three letters, double letter prefixes will be available from AA through PP, followed by four digits, from 1000 through 9999.

Thereafter, two-letter prefixes will be available in any combination—again omitting I, O and Q—in which the first letter is A through K and the second letter is A through Y, except I, O, Q, R, S, U, V, W and Z.

Again, the numbers following the letters will be from 1000 through 9999.

"The letter combinations BM and DL will not be available for passenger car licenses, because they will be required for vehicles in non-passenger car categories."

State-owned passenger cars will carry plates with a "U" prefix to distinguish them from vehicles owned by other units of government. This letter was chosen because it has never been used on license plates before and will therefore be a distinctive identification for state vehicles.

Vehicles owned by other units of government—county, city, park board, school board, etc.—will continue to display plates with an "M" prefix.

PREPARING FOR SCHOOL TERM that is fast approaching, these Madison school custodians are shown waxing student chairs following completion of sanding and sealing work. Desks and chairs from 20 classrooms in various schools have been refinished in the Madison high school gymnasium. Clifford Barr is shown in the left background, and Jesse Byrd is in the right foreground.

3 Different Color

Roses On One Bush

Mrs. D. C. Hall, 1912 Fifth street, Madison, has a rose bush in her yard with three different color roses on it—pink, yellow and white.

She said the bush bloomed about three weeks ago, and is now beginning to fade out. The bush had produced nothing but white roses in the previous years.

Bella-donna is a poisonous nightshade herb.

Recruit Graduates

Robert L. Willett, son of Mr. and Mrs. Charles Green of 2500 Denver street, Granite City, graduated from recruit training Aug. 13 at the Naval Training Center, Great Lakes. The graduation exercises, included a full dress parade and review before military officials and civilian dignitaries.

French is still the official language of the Channel Islands, which have been attached to England since the year 1066.

Bids Under Study

For Sale of GC Scale

Bids for sale of the city-owned scale at the old downtown fire house were opened during Monday night's meeting of the Granite City council and were referred to the Fire and Water committee for recommendation. The city is abandoning the operation of the truck scale, located in the alley alongside the old fire station.

A bid of \$125 was submitted by Ervin Schaefer, Rural Route One, and \$500 was offered by Paul R. Brown of the AAA Salvage Co., 2432 Logan street. Schaefer stipulated in his proposal that it would be necessary for the city to barricade the alley while the scale is being removed by himself and his son, and that it would be the city's responsibility to fill the hole.

Storage Platform Burns,

Cigaret Possible Cause

A storage platform for track sections used by the Terminal Railroad Association caught fire Monday afternoon near Niedringhaus avenue, when a weed fire swept under the platform.

The platform was constructed from railroad ties, some eight or 10 of which were damaged by the flames, firemen said. Cause of the fire was undetermined, they said, but speculation was that a cigarette might have been tossed into the weeds from an auto.

A pumper from the main Granite City station answered the fire call, received at 1:25 p. m. Using only hoasty tank water, firemen pronounced the fire out about 30 minutes later.

Prowler Complaint

Granite City police checked the house, basement and surrounding area at 2807 Cayusa street Monday night after receiving a report that an attempt was being made to enter the house. They were unable to locate any one.

Free Concert Sunday

At West Granite Park

The 25-piece band conducted by John Tate will continue its summer program Sunday with another free concert at the West Granite Triangle Park from 5 to 7 p. m.

The program, consisting of 12 numbers, includes El Capitlan (Souza), Extremopore (Hayes), Apple Blossoms (Roberts), The Old Rugged Cross (Fillmore), Selection Stephen Foster (Scott), Waltz Waves of the Danube (Ivano Vici), Seventy-six Troubles (Wilson), Joy to the World (Baynhauser), Intermezzo after Sunset (Pryor), Trumpet Voluntary (Purcell), Visions of Madrid (Holmes), Waltz Waltz King (Hummel), A ten minute intermission will follow Waltz Waves of the Danube.

Tate explained that these concerts are sponsored by Local 731, American Federation of Musicians through the Musicians Transcription Fund. The band played a concert at the State Fair recently.

MANY SMALL PRODUCERS About 87 per cent of the U.S. crude oil production is accounted for by many small oil fields that produce less than 25,000 barrels a day.

Should the proceeds of said tax at any time be insufficient for the payment of the principal of or the interest on the said bonds when the same may become due, the principal or interest shall be paid promptly from current funds on hand in advance of the collection of the taxes herein provided for. Refunds of taxes shall have been collected the said funds shall be reimbursed for the amounts so advanced.

SECTION 5. That upon the publication of this Ordinance, the Clerk shall promptly certify a copy thereof, with an appropriate memorandum of the date of passage thereof, and of its publication which shall be filed with the County Clerks of Madison and St. Clair Counties, Illinois. The said County Clerks, in and for each of the years in which said bonds or interest coupons thereon are outstanding, shall ascertain the rate per centum of taxation required to produce the aggregate amount of taxes hereinabove provided in each of said years, and shall extend the same for collection upon the tax books of the proper County, together with and at the same time as other taxes which shall be levied in each of said years, respectively, by and for said District for other purposes. Said tax shall be in addition to all other taxes levied or to be levied by said District. Said tax shall be extended and collected in like manner as other taxes levied by and for said District.

SECTION 6. That all the revenues collected on account of the tax herein levied shall be deposited in a separate fund to be known as the "Bond Interest and Sinking Fund, 1960", and are hereby appropriated and set aside for the sole purpose of paying the principal of and the interest on all bonds of said District as of when the same mature and come due.

SECTION 7. At least ten (10) days before March 1 and September 1 in each year, the Treasurer shall remit to the paying agent designated for said bonds, sums which will come due on such dates for principal and interest, together with the usual and customary charges of the paying agent for its services and responsibilities.

SECTION 8. That, when the said bonds shall have been prepared and executed as aforesaid, they shall be lodged thereupon with the Treasurer of the District, who shall deliver the same to the purchaser thereof upon payment therefor in accordance with the terms of sale; and the proceeds of the sale of said bonds are hereby appropriated and set aside for the purpose for which said bonds are issued, as hereinabove set forth.
